Henry Ford Community College REGISTRATION & RECORDS

Refund Policy Appeal Process:

An appeal of the refund policy must be based on a significant reason which demonstrates that the student had to withdraw from class or the college **involuntarily**, some examples are, illness, accident, death of a family member, etc.

A Refund Appeal Committee will review the appeal and will approve or deny a refund.

INDIVIDUALS SEEKING EXCEPTIONS TO THE REFUND POLICY MUST COMPLETE THE FOLLOWING STEPS:

1. Put your request in writing using the Refund Policy Appeal Form. You may pickup an Appeal Form in the Registration and Records Office located in the Learning Resources Center lower level room LRC 013. **All sections of the form must be completed.**
2. Clearly state the reason(s) you have which will qualify you for a refund. Including dates, semester, and the names and sections of the courses.
3. It is the student's responsibility to provide supporting documentation (physician statement, hospitalization report, employer verification, death certificate, etc.) The documentation must be on official letterhead or certification form attached to the Refund Appeal Form and submitted to:

Henry Ford Community College

Refund Appeal Committee

PLEASE NOTE:

1. Refund requests must be received in the semester in which the withdrawal occurred, or the semester immediately following.
2. No action will be taken on a appeal request until the student has officially dropped the course(s) in question.
3. Students who are attending HFCC on some type of institutional financial aid (Pell Grant, SEOG, Student Loan) must inform the Office of Financial Aid prior to class withdrawal so that appropriate documentation can be added to the student's file.
4. Lack of knowledge regarding the published policies and procedures of HFCC that affect you is not a basis for approving any request.
5. Lack of attendance is not a basis for approving any request.
6. The registration fee is **non-refundable**.
7. There is no guarantee that any petition will be approved.
