ROGER MOHR**  
**Thursday, March 28**  
**11:10 AM - 12:30 PM**  
**IN L-14**

Reverend Mohr is a nationally recognized Humanist minister and leadership consultant. He is the minister at the First Unitarian Universalist Church in Detroit, near the campus of Wayne State University. Reverend Mohr's work continually embraces the interfaith and intercultural experience as the foundation for excellence in leadership and spiritual growth.

His approach to ministry can be summed up from a quote on his website: [www.rogermohr.com](http://www.rogermohr.com)

*I am a minister. That is my profession and my vocation. But I am not personally religious, and I do not intend that you should be, either. That may sound strange, but it is true, and consistent with my identity.*

This lecture will be of special interest to students and classes from Speech, World Religions, Political Science, Sociology, Psychology, Anthropology, History, Philosophy, Education, Art, and Counseling.
