OUR MISSION

Henry Ford College transforms lives and builds better futures by providing outstanding education.

As a student-centered, evidence-based college, our success is measured by the success of our students.

We empower learners through the development of independent, critical, and creative thinking, and we foster diversity, inclusion, understanding, and acceptance to prepare learners to succeed in a global society.

We anticipate and respond to the needs of our stakeholders, exceed their expectations, and serve the public good.

We value **passion, integrity, ingenuity,** and **respect.**

PROGRAMS AND SERVICES

Since its founding in 1938 as Fordson Junior College, Henry Ford College has been the gateway to higher education for thousands of students who seek affordable, high-quality post-secondary education. HFC is accredited by the Higher Learning Commission (hlcommission.org).

Located in Southeast Michigan, HFC serves our students and communities by preparing them for a rapidly changing world and workplace. HFC offers a Bachelor of Science in Culinary Arts degree, as well as 100+ associate degrees, certificates, university transfer, and career programs.

In addition to providing highly skilled workers for Detroit-area employers, HFC specializes in customized

workforce development training for business and industry through public-private partnerships.

HFC offers a robust series of fine and performing arts and creative entertainment and enrichment options for the public to enjoy, as well as tuition-free classes for in-district residents aged 60 and older.

We also host Dearborn Adult and Community Education classes on our main campus.

HFC is governed by a seven-member Board of Trustees elected by the citizens of the Dearborn Public School District.

HFC BENEFITS OUR COMMUNITY

Students benefit from improved lifestyles and increased earnings. Taxpayers benefit from free dual enrollment and lower tuition, economic growth and lower social costs. The community as a whole benefits from increased job and investment opportunities, as well as higher business revenues.

ECONOMIC IMPACT

The impact of HFC on the local business community during the 2021 fiscal year amounted to \$1.4 billion, equal to the sum of the College's operations spending impact, the student spending impact, and the alumni spending impact. The impact of HFC-generated local income was equal to approximately 0.5% of the region's Gross Regional Product (GRP).

Total benefits to taxpayers are \$245.9 million, equal to the sum of the added taxes and public sector savings. Comparing this to the taxpayer costs of \$51.3 million—equal to the funding that HFC received from state and local government during the year—yields a benefit-cost ratio of 4.8. This means that for every \$1 of public money invested in HFC, taxpayers receive a cumulative value of \$4.80 over the course of the students' working lives. The average annual rate of return is 10.6%, an investment that compares favorably with other long-term investments in both the private and public sectors.

In return for their investment, HFC's students will receive a stream of higher future wages that will continue to grow throughout their working lives. The average associate degree graduate from HFC will see an increase in earnings of \$10,700 each year compared to someone with a high school diploma or equivalent. Over the course of an HFC graduate's working lifetime, this increase in earnings amounts to hundreds of thousands of dollars in higher income.
