OFFICE OF CAMPUS SAFETY

Campus Safety Enforcement Authority

The OCS operates 24 hours a day, 7 days a week. The aim of OCS is to provide a safe and secure environment, to protect all property, and to enforce College policies and regulations for all students, faculty, staff and visitors to the College. Our staff consists of three full-time Campus Safety Administrators and full and part-time Campus Safety Associates along with uniformed contract security staff. Our department services include but are not limited to security response, emergency preparedness, incident investigation, emergency notification, access control, key issuance, parking lot vehicle assistance, and training. The OCS has a close working relationship with State and local police agencies.

Written Memorandum of Understanding with the Dearborn Police Department

HFC Campus Safety Department does not have sworn law enforcement authority or the ability to make arrest. HFC has an established MOU with the Dearborn Police Department, which has jurisdiction to enforce all state and local laws and conduct criminal investigations. Campus Safety Associates have been given limited enforcement authority by the Dearborn Police Department to enforce parking laws on campus property.

Accountability and Operations

The HFC Office of Campus Safety (OCS) is responsible for maintaining a safe and secure learning environment, which supports the College’s mission of dedication to the education and enrichment of our students and community. The members of the OCS protect and enhance the overall safety of the College community by providing efficient and reliable services on a continuous 24-hour basis.

The staffing of the OCS is made up of full and part-time Campus Safety Associates, administrative personnel, and contract uniformed Security Officers.

The OCS is located Building N. The Dispatch Office (telephone and walk-up campus safety service) is open and staffed 24 hours a day. At least one Campus Safety Associate is usually on duty whenever classes are in session. Contract uniformed security officers are on duty 24 hours a day.

The OCS is open for administrative services during normal college business hours, which are Monday - Friday, 8:00 am to 4:30 PM during the Fall and Winter semesters and Monday - Thursday, 8:00 am to 6:30 PM during the Spring and Summer semesters.

When a Call for Service (CFS) is received, a Campus Safety Associate and/or Campus Safety personnel will respond to the situation and utilize whatever resources are needed. These additional resources may include assistance from local law enforcement agencies and emergency
medical services. Emergency Notifications and Timely Warnings are used to alert our campus community to potentially dangerous situations.

The Office of Campus Safety does not monitor or record through local police agencies any criminal activity by students at non-campus locations of student organizations officially recognized by the institution, including student organizations with non-campus housing facilities.

Responsibilities of the Henry Ford Community for Their Own Personal Safety and Security and the Safety and Security of Others

Safety on our campus is a shared responsibility between the OCS, students, faculty, employees, and campus visitors. Everyone is encouraged to take steps to ensure both personal and College property is safe and to contact the OCS whenever they observe behavior or circumstances that may present a threat to our College community. The following precautions provide guidance.

- Report all suspicious activity to OCS immediately.
- Never take personal safety for granted.
- Try to avoid walking alone at night. Use the OCS Safe Walk escort.
- Carry only small amounts of cash.
- Never leave valuables (wallets, purses, books, phones, etc) unattended.
- Carry your keys at all times and do not lend them to anyone.
- Lock up bicycles and motorcycles.
- Lock car doors and close windows when leaving your car.
- Do not leave valuables in your car, especially if they can be easily noticed.
- IF YOU SEE SOMETHING, SAY SOMETHING.

Contacting the HFC Campus Safety Office for non-emergencies/general assistance

1. Dial 9630 from any campus telephone or call 313-845-9630 to reach the Campus Safety Dispatcher 24 hours a day.
2. Dial 9862 from any campus telephone or call 313-845-9862 to reach the Secretary for the Campus Safety Office during normal business hours.

Local Law Enforcement Agencies

Members of the HFC OCS maintain professional working relationships with local, county, state, and federal law enforcement agencies, as well as various emergency management agencies.

The Dearborn Police Department has local law enforcement jurisdiction for the HFC Main Campus and the East Campus (Nursing and M-Tec). They can be contacted for emergencies by dialing 911 or 313-943-2240 for non-emergencies. They are located at 16099 Michigan Avenue, Dearborn, MI 48126.

Crime Statistics: The OCS is required to keep and provide crime statistics relative to four general categories of crime statistics, which include Criminal Offenses, Hate Crimes, Violence against
Women and Arrest and Disciplinary Referrals for Violation of Weapons, Drug Abuse and Liquor Laws. The statistical report is included in this Annual Security Report (ARS) and is available on the Campus Safety webpage https://www.hfcc.edu/campus-safety/crime-stats. A physical copy can be obtained at the OCS in Building N on Main Campus, and at the security desk at the East Campus - Nursing.

Daily Crime Log:

The daily crime log of campus incidents can be found on the campus web site or a hard copy can be obtained at the Campus Safety Office in Building N. Faculty, staff, and students are encouraged to review these logs periodically to become more familiar with the types of locations of criminal incidents that may impact the College’s campus community.

Crime/Emergency Reporting and College Response

Reporting Crimes and Other Emergencies

Campus community members – students, faculty, staff, visitors, and guests – are encouraged to report all criminal actions, emergencies, suspicious behavior or other public safety related incidents occurring within the College’s Clery geography to the Office of Campus Safety (OCS) in an accurate, prompt, and timely manner. The College’s Clery geography (as defined in the “Geography Definitions” elsewhere in this Annual Report, and hereafter referred to as the “College’s Clery Geography”) includes:

- On-campus property including buildings, and/or facilities located at the Main Campus and East Campus.
- Any designated non-campus properties and facilities;
- All public property, including thoroughfares, streets, and sidewalks that are within the campus or immediately adjacent to and accessible from the campus or non-campus property/facilities.

OCS has been designated by Henry Ford College as the official office for campus crime and emergency reporting. OCS strongly encourages the accurate and prompt reporting of crimes. Accurate and prompt reporting ensures OCS is able to evaluate, consider, and send timely warning notices, disclose crimes through ongoing disclosure processes such as the posting of crimes in the Daily Crime Log and accurately documenting reportable crimes in its annual statistical disclosure. Henry Ford College further encourages accurate and prompt reporting to OCS and/or the Dearborn Police Department when the victim of a crime elects to make such a report.

This publication focuses on OCS because it has primary responsibility for patrolling the Henry Ford College campus and it has been designated as the institution’s primary reporting structure for crimes and emergencies. However, criminal incidents or incidents off campus can be reported to the Dearborn Police Department. Additionally, as outlined below, the College has
also identified a list of primary campus security authorities (CSA) or preferred receivers of reports to whom crimes can be reported.

Primary Campus Security Authorities (CSA) or Preferred Receivers of Reports:

- Call the Office of Campus Safety by dialing 9630 from any campus telephone or call 313-845-9630 to reach the Campus Safety Dispatcher 24 hours a day.
- Report in person to the Office of Campus Safety at the Campus Safety Office located in the “N” Building Lobby at 5101 Evergreen Rd.
- Crimes or emergency situations can be reported to the Dearborn Police Department by dialing 911 or reporting in person at 16099 Michigan Ave.
- Sex Offenses and other incidents of sexual or relationship violence can also be reported to the college’s Title IX Coordinator, by dialing (313) 845-6301 or on-campus extension 6301, or in person at 5101 Evergreen Rd, Building “N”, Office 223.
- Contact the Office of Human Resources (HR) by dialing (313) 845-9820 or on-campus extension 9820, or in person at 5101 Evergreen Rd, Welcome Center Building, Office W-315.
- Contact the Vice President of Student Affairs by dialing (313) 845-9887 or on-campus extension 9887, or in person at 5101 Evergreen Rd, “L” Building, Office L-422.
- Emergency Phones located throughout campus can also be used to contact Campus Safety to report a crime or emergency.
- Complete the online “Student/Employee Complaint Form” at: https://cm.maxient.com/reportingform.php?HenryFordCC. This form should only be used for non-emergency or non-urgent reporting.

Response to Reports

Dispatchers are available 24-hours a day to answer campus community calls by dialing (313) 845-9630, or on-campus extension 9630 or 9911. In response to a call, OCS will take the required action by either dispatching a campus safety associate or asking the reporting party to go to the Campus Safety Office to file an incident report in person. All reported crimes will be investigated by the college and may become a matter of public record. Crime victims are given on and off campus resource information as necessary and appropriate. OCS procedures require an immediate response to emergency calls. OCS works closely with a full range of city and county resources to assure a complete and timely response to all emergency calls. Priority response is given to crimes against persons and personal injuries. OCS responds to and investigates all reports of crimes and/or emergencies that occur within the College’s Clery geography. Campus Safety personnel also have the ability to notify the Dearborn Police and/or Fire Department dispatchers of emergency situations occurring on-campus or off-campus.

To obtain information or request any campus safety or safe walk services, community members should call OCS. Located throughout campus are well-marked exterior phones. These phones access the campus safety dispatcher and can be used to obtain emergency assistance or obtain general information.
When placing an emergency call, remember to stay on the line and wait for the dispatcher to end the call. These exterior phones should be used when seeking information and/or reporting activities – to include criminal incidents. If a member of the community finds any of these phones inoperative or vandalized, they should call the OCS so that the phone can be repaired or replaced as quickly as possible. If assistance is required from the Dearborn Police Department or Dearborn Fire Department, OCS will contact the appropriate unit.

If a sexual assault or rape should occur on campus, staff on scene, including OCS, will offer the victim a wide variety of resources and services. This publication contains information about on-and off-campus resources and services and is made available to the Henry Ford College community. The information regarding “resources” is not provided to infer that those resources are “crime reporting entities” for Henry Ford College.

As mentioned, crimes should be reported to OCS to ensure inclusion in the annual crime statistics and to aid in providing timely warning Campus Safety Alert notices to the community, when appropriate.

**Responsible Employees and Reporting Requirements**

MCL 750.411h(1)(d). 10 34 CFR Part 106.8(a) requires designation of at least one “responsible employee” who ensures the recipient’s compliance for the institution. The Student Title IX Coordinator is the individual responsible for sexual misconduct issues in which a “student” is the accused party.

The Title IX coordinator(s) oversee the College’s compliance with Title IX, including its grievance procedure, education/prevention efforts, and training. The Coordinators review information about sexual misconduct complaints to identify and address any patterns or systematic concerns that arise during the review of such complaints. The Coordinators are available to meet with any College community member or campus organization that would like to discuss Title IX compliance at the College.

**Voluntary Confidential Reporting**

Henry Ford College encourages anyone who is the victim or witness of any crime to promptly report the incident to OCS or the local Dearborn Police Department. OCS does not have a voluntary confidential reporting process because OCS reports are educational records and not law enforcement reports, thus OCS cannot hold reports of crime in confidence.
Confidential Reporting

Students may make confidential reports to Professional Counselors assigned to the Counseling Center. Professional Counselors when acting in their capacity and function as Henry Ford College counselors do not make identifiable reports of incidents to the Official On-Campus resources unless the student specifically requests them to do so; however, the College encourages counsellors, if and when they deem it appropriate, to inform students they can report incidents of crime to OCS, which can be done directly or anonymously through the anonymous reporting processes as outlined below.

Professional Counselor. An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community, and who is functioning within the scope of his or her license or certification.

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to the Associate Dean of Counseling Services. The Associate Dean of Counseling Services, in their capacity as a CSA, can make confidential crime reports to OCS to ensure inclusion in the annual disclosure of crime statistics without disclosing personal identifying information. The Associate Dean of Counseling Services will work closely with OCS in order to allow OCS to properly assess reports for timely warning consideration and to avoid double counting of crimes.

Anonymous Reporting

Henry Ford College Office of Campus Safety, unless otherwise prescribed by law or as set forth within this Annual Security Report, does not take anonymous incident reports. The only exception to this policy is addressed below.

Online Anonymous Reporting: The College allows faculty, staff, and students opportunities to report incidents anonymously, which allows a reporting person to complete a report without providing any personal identifying information. Anonymous reporting can be accomplished using the Maxient Reporting System. Reporting is available using the Henry Ford College “Student/Employee Complaint Form” at: https://cm.maxient.com/reportingform.php?HenryFordCC. This form can be found on the Henry Ford College web page in the Campus Safety Section, Reporting and Incident, & Student Rights Toolkit.

While anonymous reporting is available by these means, the College’s ability to investigate and appropriately address allegations of misconduct will be significantly limited. Crimes reported confidentially to the counseling center are not disclosed in the College’s crime statistics or reporting processes, unless those crimes are reported to OCS through the facilitated anonymous reporting process.

The purpose of an anonymous report is to possibly take steps to promote safety. In addition, Henry Ford College can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or
assailant, and alert the campus community to potential danger. Reports filed in this manner are
counted and disclosed in the annual crime’s statistics for the institution.

Security of and Access to Campus Facilities

During normal business hours, Henry Ford College campus is generally open and accessible to
students, faculty, staff, and visitors of the College. However, during the 2020/2021 academic
year, visitors to campus have been limited to those whose access is in direct support of the
primary academic and administrative missions of the college. In July 2021, the campus was
reopened without restriction due to COVID restrictions imposed by the Wayne County Health
Department and MIOSHA.

The majority of academic and administrative buildings are open during normal business hours
(typically Monday through Friday, from 8am to 5pm, except holidays) and are typically secured
during the late evening hours, depending upon class schedules, special event scheduling and
community usage. Academic & administrative buildings are typically secured from 11pm to
7am each night, and access is gained to these buildings via the access control system or Campus
Safety Personnel. Members of the OCS regularly patrol the interiors and exteriors of all campus
facilities.

OCS officers patrol the campus grounds via foot, vehicle, or bicycle, conduct regular interior and
exterior checks of academic and administrative buildings and respond to incidents occurring
anywhere within the college’s Clery geography. After hours, the Dearborn Police will respond
to any incidents at the East Campus. OCS will provide security escorts when requested for staff
members, students, faculty, and guests.

Weapons Policy

Henry Ford College Campus Safety Associates are unarmed and do not carry firearms. Outside
law enforcement personnel who are authorized to possess weapons, may do so within the scope
of their authority. No other persons are permitted to possess weapons on College property, even
if such weapons are legally registered.

Security Considerations Used in the Maintenance of Campus Facilities

Henry Ford College facilities and landscaping are maintained in a manner that minimizes
hazardous and unsafe conditions. Parking lots and pathways are illuminated with lighting. OCS
regularly patrols the campus and reports malfunctioning lights and other unsafe physical
conditions to Facilities Management for correction. Campus community members can
additionally report hazards directly to Facilities Management through an online service response
reporting process. The campus’ overall safety and security program is supplemented by a variety
of technological systems including: access control; closed circuit television; emergency phones;
an fire detection, suppression, and reporting systems. Other members of the College community
are helpful when they report equipment problems to OCS or Facilities Management. OCS is
often consulted on security measures during construction and renovation capital project meetings.

Office of Campus Safety Training

The Campus Safety Manager and Campus Safety Assistant Manager’s are primarily responsible for conducting intensive and continuing training for Campus Safety Associates. Training topics may include the Clery Act, campus safety authority, Title IX, sexual assault and gender violence response and investigation, public relations, race relations and implicit bias, interpersonal communications, crisis intervention and de-escalation, critical incident response and incident command system, emergency operations, and all facets of protection of persons and property. Training includes the use of on-line virtual training resources/webinars, in-service and guest lecturers, and select out-service seminars and conferences, and regular roll-call information sessions.

Crime Prevention and Safety Awareness Programming

Henry Ford College offers many programs designed to inform students and employees about campus safety and security procedures and practices and the prevention of crimes. A common theme of all awareness and crime prevention programs is to encourage students and employees to be responsible for their own safety and for the safety of others on campus. Crime prevention programs on personal safety and security are sponsored by various campus organizations throughout the year.

These programs include general crime prevention and security awareness programs, such as safety education forums, programs, and discussions about topics such as alcohol abuse, sexual assault and prevention, relationship violence awareness and prevention, bystander intervention, fire safety, emergency response and evacuation procedures, crime and risk reduction strategies and theft prevention. New students and facility are encouraged to attend a training session that is offered at the beginning of each semester that explains college policies and expectations related to student conduct and behavior, campus safety, Title IX, and other services offered by the college.

NOTE: Due to COVID 19 restrictions and mitigation strategies, in-person programming has been limited and moved to social media and virtual platforms.

Campus Safety Alerts (Timely Warning Notices)-Notifying the Henry Ford College Community about Crimes

In an effort to provide timely notice to the Henry Ford College community in the event of a criminal situation that, in the judgment of the Campus Safety Manager or designee, may pose a serious or continuing threat to members of the campus community, a Campus Safety Alert (timely warning notice) will be issued.
Campus Safety Alerts will be distributed as soon as pertinent information is available, in a manner that is timely, that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar crimes or occurrences.

Campus Safety Alerts are primarily distributed by blast email to all students and employees on campus as soon as pertinent information is available. Alerts can also be sent/communicated via Henry Ford College’s Regroup text/voice messaging system and a variety of other notification methods, as outlined in the Emergency/Immediate Notification section of this Annual Report and highlighted below. The intent of a Campus Safety Alert is to warn the campus regarding a criminal incident, providing individuals an opportunity to take reasonable precautions to protect themselves.

Campus Safety Alerts are generally written and distributed to the campus community by the Campus Safety Manager or Campus Safety Assistant Manager, and they are routinely reviewed and approved by the Vice President of Marketing and Communications. The Campus Safety Manager or a Campus Safety Assistant Manager has the authority to issue a Campus Safety Alert without such consultation if consultation time is not available. Should the Campus Safety Manager and Campus Safety Assistant Manager be directly impacted and involved in an incident response or otherwise unavailable, any trained member from the Campus Safety Department could write and send a Campus Safety Alert.

Campus Safety Alerts are sent to the college community to notify members of the community about specific Clery Act crimes (as described below) that have been reported to OCS and that have occurred on or within the college’s Clery geography (on-campus, non-campus, or public property), where after review and assessment it is determined that the incident may pose a serious or continuing threat to members of the College community.

Crimes that occur outside the campus’ primary Clery geography, as stipulated or other non-Clery specific crimes, will be evaluated on a case-by-case basis. Information related to these crimes may be distributed to the campus as a Public Safety Notice, as outlined and described in the below policy statement for “Public Safety Notices.”

Updates to the campus community, when deemed necessary, about any particular case resulting in a Campus Safety Alert may be: distributed via blast email, posted on the college website, shared with a local newspaper for a follow-up story, and/or distributed by the Campus Safety Manager.

Campus Safety Alerts are typically issued for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) crime classifications:

- Murder/Non-Negligent Manslaughter
- Aggravated Assault
- Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Timely Warning Notice, but will be assessed on a case-by-case basis)
- Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount of information known by the Campus Safety Manager or designee). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no
ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Campus Safety Alert.

- Major incidents of Arson
- Other Clery crimes as determined necessary by the Campus Safety Manager or their designee.

Typically, alerts are not issued for any incidents reported that are older then ten (10) days from the date of occurrence, as such a delay in reporting has not afforded the College an opportunity to react or respond in a timely manner.

The Campus Safety Manager and Campus Safety Assistant Manager’s may confer with the Henry Ford College Cabinet during the response to a crime to ensure a proper review of all Clery crimes (and other criminal incidents, as deemed appropriate) to determine if there is a serious or continuing threat to the community and if the distribution of a Campus Safety Alert is warranted.

Campus officials not subject to the timely reporting requirement are those with significant counseling responsibilities who were providing confidential assistance to a crime victim. At Henry Ford College this would only apply to professional counselors from the Counseling Center who are performing that specific function and role as their primary employment with the College.

## Public Safety Notices

A Public Safety Notice may be sent to the campus community for general crime prevention purposes, to inform the community of crimes and/or incidents that are not generally time sensitive or considered to be a continuing threat, but important to be aware of, and/or to inform the campus of incidents occurring on, around, or even off campus that do not meet the requirements or specifications for distribution of a Campus Safety Alert, as outlined above.

A Public Safety Notice may be sent via blast email or posted on the Henry Ford College website, to all students and employees on campus. A Public Safety Notice is generally written and distributed to the campus community the Campus Safety Manager or a Campus Safety Assistant Manager. These notices could also be sent by the Vice President of Marketing and Communications or their designee.

Updates to the campus community about any particular case resulting in a Public Safety Notice, when deemed necessary, may be distributed via email, posted on the college website, included in the college newspaper, or may be shared with a local newspaper for a follow-up story; and may be distributed by the Campus Safety Manager or designee, as deemed necessary and appropriate.
Daily Crime Log

The Office of Campus Safety makes the Daily Crime Log for the most recent 60-day period open to public inspection during normal business hours (typically Monday through Friday, from 7am to 5 pm, except holidays) at the Campus Safety Dispatch, located in the “N” Building on Main Campus. Any portion of these crime logs that are older than 60 days are made available for public inspection within two business days of a request. The information in the crime log typically includes the incident number, crime classification, date reported, date occurred, general location of crime, and disposition of each reported crime. Faculty, staff, and students are encouraged to review these logs periodically to become more familiar with the types and locations of criminal incidents that may impact the College’s campus community.

Unless the disclosure is prohibited by law or would jeopardize the confidentiality of the victim, newly reported crimes/incidents within the college’s Clery geography and updated information regarding previously reported crimes are entered into the Daily Crime Log within two business days of when it is reported to the Office of Campus Safety. It is important to note that OCS has no expanded patrol jurisdiction outside of its identified Clery geography.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Emergency Preparedness

Henry Ford College has adopted an Emergency Operations Plan (EOP) that establishes policies, procedures, and an organizational hierarchy for response to emergencies on campus. The Plan outlines incident priorities, campus organization and the role and operation of Henry Ford College personnel during an emergency. Emergency operations planning at Henry Ford College means preventing, preparing for, responding to, and recovering from any and all emergencies that could affect the College and the local Dearborn community. Emergency preparedness at Henry Ford College is managed by the College’s Office of Campus Safety. The complete plan is available on the College’s website at: https://my.hfcc.edu/system/files/attachments/eop_final.pdf. The emergency response and evacuation protocols and procedures outlined within this Annual Report are reflective for both on-campus and non-campus buildings, and facilities.

Emergency Response

The college’s units and/or departments are responsible for developing emergency response and continuity of operations plans for their area and staff. The Office of Campus Safety provides resources and guidance for the development of these plans. Emergencies occurring on campus should be reported to OCS by dialing (313) 845-9630 or on-campus extension 9630 or 9911, or by dialing 911 for outside emergency responders.

In conjunction with other emergency agencies, the college conducts emergency response drills and exercises each year, such as tabletop exercises, field exercises, and tests of the emergency
notification systems on campus. These tests, which may be announced or unannounced are designed to assess and evaluate the emergency plans and capabilities of the institution. After-action reviews will be conducted following each test and/or exercise that documents the test/exercise, provides a description for each test/exercise, the date, time, whether the test was announced or unannounced, and an assessment of the lessons learned from the exercise.

**Emergency Evacuation Procedures**

The emergency evacuation procedures are tested at least twice each year. Students and employees learn the locations of the emergency exits in the academic and administrative buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. OCS officers do not tell building occupants in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, OCS staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At Henry Ford College, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants ‘practice’ drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

OCS shall be responsible for the safe evacuation of all persons utilizing the College’s facilities in the event of natural disasters, civil disturbances, and active threats. The level of necessity will determine the response by OCS. If large scale events occur that are beyond the resource capabilities of OCS and the College, officials will request assistance from outside emergency resources such as the Dearborn Police Department, Dearborn Fire Department, Michigan State Police, Wayne County Sheriff’s Department, and/or state departments of emergency management. The need to implement evacuation from a campus building or the entire campus shall be based upon information received by or furnished to Henry Ford College.

The information may be in the form of instructions or advice from the Michigan State Police Emergency Management, the Governor’s Office, or other officially recognized agency. Full or partial evacuations may be necessary as a protective action to reduce campus community members’ exposure to a hazard. Protective actions reduce TIME of exposure, create DISTANCE, or provide SHIELDING from a specific hazard. Hazards that may require an evacuation include:

- Fire
- HAZMAT release
- Bomb threat or suspicious device/package
- Hostile intruder
- Massive utility failure
- Severe weather conditions
- Hazard that renders facilities uninhabitable
Exercise of Judgement and Contingencies: The actions described are basically standard by nature. When situations arise for which the procedures to be followed are not fully prescribed in the College’s Emergency Operations Plan (EOP), responsible personnel will be expected to exercise good judgement, make appropriate decisions, and provide any support necessitated by the situation.

As part of the decision-making process relative to an evacuation, the evacuation must be able to be completed well before the arrival of a hazard. When there is little to no warning time, a shelter-in-place decision/order may be more appropriate. Additional factors to consider beyond warning time when deciding on whether or not to evacuate include:

- Size and geographical area affected
- Population density of the surrounding area
- Capacity and condition of the road network
- Are sufficient transportation resources available – college transportation, public transportation, and private transportation?
- Are there safe alternatives?
- Ability of campus facilities to provide shielding from the hazard
- Ability of facilities to support the population
- Local considerations and local police and emergency resources support

Scope of an Evacuation: The scope of an evacuation can include a single building, a group of buildings, and/or a large geographical area. The scope could go beyond the borders of the institution, and/or the college may be impacted by an evacuation initiated by the local authorities. Size and scope considerations must be included in the overall decision-making process.

Building Evacuation

- All building occupants are required to evacuate when the fire alarm sounds or upon order of an authorized College official, such as a Campus Safety Officer.
- If time permits, stabilize lab procedures, and unplug or disable any device that could make a dangerous situation even worse.
- Move to the closest exit and proceed down the EXIT stairwell in a safe and orderly manner. Take personal belongings with you. Do NOT use elevators.
- Remain at least three hundred (300) feet outside of the building and await further instructions. Keep roadways open and beware of approaching emergency vehicles. Notify emergency responders of anyone trapped, especially anyone with a physical disability.

Large-scale Campus Evacuation

- If evacuation of part or all of the campus is necessary, monitor text message/voice alert system, email, and the College’s website for additional information.
- Those in need of transportation will be directed to areas to await transport to an off-campus site.
**General Evacuation Procedures**

At the sound of a fire alarm or if you are instructed to evacuate, leave your work area immediately and proceed to the nearest exit, and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and notify OCS by dialing (313) 845-9630 or on-campus extension 9630 or 9911, or by dialing 911 for outside emergency responders.

- Remain Calm
- Do NOT use Elevators, Use the Stairs.
- Assist the physically impaired. If he/she is unable to exit without using an elevator, secure a safe location near a stairwell, and immediately inform OCS or the responding Fire Department of the individual’s location.
- Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles.
- Make sure all personnel are out of the building.
- Do not re-enter the building until authorized to do so by a member of Campus Safety.

**Shelter-in-Place Procedures – What It Means to “Shelter-In-Place”**

College authorities may instruct campus community members to “shelter-in-place” if a condition exists that is potentially life threatening and has an immediate threat to the health and personal safety of the campus community. Immediate threats would include, but are not limited to: active shooter incidents, mass acts of violence, tornadoes, terrorist attacks, or hazardous materials incidents. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside. Community members should remain in a shelter-in-place status until the all-clear is communicated by emergency response personnel via an emergency rapid communication system(s).

**Basis “Shelter-In-Place” Guidance**

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, access card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest college building quickly. If police or fire department personnel are on the scene, follow their directions.

**How You Will Know to “Shelter-In-Place”**

A shelter-in-place notification may come from several sources, OCS, other college employees, local law enforcement or outside emergency services, or other authorities utilizing the college’s emergency communications tools.
How to “Shelter-In-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

- If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
- Locate a room to shelter inside. It should be:
  - An interior room;
  - Above ground level; and
  - Without windows or with the least number of windows. If there is a large group of people inside a particular building several rooms maybe necessary.
- Shut and lock all windows (tighter seal) and close exterior doors.
- Turn off air conditioners, heaters, and fans.
- Close vents to ventilation systems as you are able. Henry Ford College Facilities staff will turn off the ventilation as quickly as possible.
- Make a list of the people with you and ask someone to call or email the list in to OCS so they know where you are sheltering.
- Turn on a radio or TV and listen for further instructions.
- Make yourself comfortable.

Off-campus Emergencies

OCS officials often receive emergency information from the Dearborn 911 Dispatch Center regarding incidents in Dearborn that could imminently impact the safety of the Henry Ford College community. When appropriate, OCS notifies the campus community of off-campus threats that could also represent a threat to the health or safety of students or employees.

EMERGENCY/IMMEDIATE NOTIFICATION

Henry Ford College has developed a process to notify the campus community immediately upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. While it is impossible to predict every significant emergency or dangerous situation that may occur on campus, the following identified situations are examples which may warrant an emergency (immediate) notification after confirmation: armed/hostile intruder; bomb/explosives (threat); communicable disease outbreak; severe weather; terrorist incident; civil unrest; natural disaster; hazardous materials incident and structural fire.

Emergencies occurring on or within any of the College’s Clery geography (as defined in the “Geography Definitions” elsewhere in this Annual Report) should be reported to OCS by dialing (313) 845-9630 or on-campus extension 9630, or by dialing 911 for outside emergency responders.
In the event of an emergency, an effective Campus-wide communications process is vital in order to provide the greatest safety possible for the College community. As part of its Emergency Management Operations, the College has adopted a formalized procedure for issuing emergency/immediate notifications to the campus community.

The emergency/immediate notification capability of the emergency mass notification system (Regroup) is designed to assist the College in immediately notifying the campus community upon confirmation of a significant emergency or dangerous situation occurring on or near the campus that involves an immediate threat to the health or safety of students or employees. A threat is imminent when the need for action is instant, overwhelming, and leaves no moment for deliberation. Such situations would include, but are not limited to, a hazardous materials incident requiring shelter-in-place or evacuation, an armed intruder on or near campus, an approaching tornado, or a fire actively raging in a campus building.

The College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system to the appropriate segment or segments of the campus community, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate an emergency.

Immediate notification to the campus can be accomplished through a variety of communications methods. Notification will be made by using some or all of the following multi-modal notification methods depending on the type of emergency: College’s Emergency Mass Notification System (Regroup) – which contains email, cell phone text, voice message alert; fire alarm (where available); public address systems/outdoor speakers (where available); social media; digital signage (where available), local media, webpage, and/or alert siren for shelter-in-place. If any of these systems fail or the College deems it appropriate, in person communication may be used to communicate an emergency. Confirmation of the existence of an emergency typically involves the response and assessment of OCS officers, sometimes in conjunction with campus administrators and other college officials, local police and first responders and/or the national weather center.

When on-duty Campus Safety Associates become aware of a situation that may warrant the issuing of an immediate notification, the on-duty Campus Safety Associate confirms (through response, investigation, or collaboration with emergency responders) that there is a significant emergency and then immediately contacts the Campus Safety Manager or Campus Safety Assistant Manager, who quickly evaluates the situation to determine if an alert is warranted, develops the content of the notification message, and then identifies the appropriate segment or segments of the campus community who will receive the notification.

The Campus Safety Manager or a Campus Safety Assistant Manager has the ability and authority to issue an alert without delay and without further consultation with any other College official. Notification message content is determined based on the type of incident, the context with which it is occurring, and the immediate danger or threat to the campus community and the need to advise campus community members to take action. The College will endeavor to make such notification sufficiently specific so as to enable recipients to take an appropriate response to the threat. Pre-canned messages have been prepared as part of the emergency notification system to aid in rapid communication processes. In situations lacking the presence of an imminent threat,
the Campus Safety Manager or a Campus Safety Assistant Manager consults with the President or other member of the Henry Ford College Cabinet prior to an alert being issued.

Follow-up notices/communications will be provided as necessary during an active incident and may be provided by the Campus Safety Manager, a Campus Safety Assistant Manager or a member of the Office of Campus Safety. When a threat is neutralized or effectively removed, campus community members will be appropriately informed via all or some of the aforementioned communications methods. Additionally, updates regarding a prolonged and ongoing emergency situation such as a health emergency (norovirus, serious illness, pandemic, etc.) can be provided by creating a banner (webpage) at the top of the College’s homepage that would contain specific status update information along with links to public health agencies (for example) or other relevant entities.

When the emergency mass notification system is fully activated using the siren, email, and cell phone text/voice messaging, college officials will notify campus community members of the emergency situation, its exact location, and will most likely request community members to protect themselves by evacuating the affected area if it is safe to do so and/or by employing the “shelter-in-place” concept. Local police, emergency responders, and select Dearborn officials are also alerted via text messaging or telephone contact with the Dearborn Police/Fire Dispatch, of any actual on-campus emergency that poses a threat to campus and/or the immediate local community.

If there is an immediate threat to the health or safety of students or employees occurring on campus, an institution must follow its emergency notification procedures. An institution that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances; however, the institution must provide adequate follow-up information to the community as needed.

Emergency Mass Notification System (EMNS) Testing and Registration

The Emergency Mass Notification System (EMNS) will be tested on the first Saturday of each month, excluding holidays, to ensure that all systems are working properly, and that Campus Safety Associates maintain a working knowledge of the system. These tests will also be educational moments for the campus community to remind them that this system does exist, and that it is a working and functioning system that they can rely upon.

Students, staff, and faculty are informed about the EMNS system during first-year orientation and new employee/faculty orientations. Students, staff, and faculty are enrolled in the EMNS system when they enroll for classes and are hired by the college. Updates and changes to your phone number or email address can be made through the Henry Ford College webpage. If a student, staff, or faculty would like to withdraw from the EMNS they must contact the Henry Ford College Human Resources Department.

The College’s primary and secondary means of communicating during an emergency situation include those addressed above. The following, although not all of these methods are always employed – modalities includes primary, secondary, and tertiary methods of notification that are decided upon based on the segment or segments of the campus community that require notification and the best method(s) determined to maximize that notification. The communications method used would depend on the type of emergency:

- Cell phone Text/Voice Messaging
- Alert Siren
- All Campus Email Alerts
- Voice-Mail
- Emergency Website, Facebook, and Twitter Accounts
- Public Media (TV, radio, news websites)
- Fire Alarm System Notification
- Public Address System from Siren
- Flyers posted throughout Campus
- Direct On-foot and in-person Notifications
Preparation of Annual Disclosure of Crime Statistics & Clery Compliance

The following information provides context for the crime statistics reported as part of compliance with the Clery Act. The Henry Ford College Office of Campus Safety is primarily responsible for preparing the Annual Security Report. This responsibility is specifically designated to the Campus Safety Manager or designee. The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the College community obtained from the following sources: The Dearborn Police Department, Wayne County Sheriffs Department, and non-police or public safety personnel who have been designated as Campus Security Authorities or CSA’s. The Title IX Office and Human Resources Department are key offices from which drug, liquor, and weapon offense referral data is obtained along with sexual offenses and potential reports of other Clery crimes.

Final report preparation is coordinated by the Campus Safety Manager with Human Resources and the Title IX Coordinator.

A written request for statistical information is made at least on an annual basis to all CSA’s (as defined by federal law). CSA’s are also informed in writing and/or through training to report crimes to OCS in a timely manner so those crimes can be evaluated for timely warning purposes. A CSA is a Clery-specific term that encompasses four groups of individuals and organizations associated with an institution:

- A campus police department or a campus security department of an institution
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into an institutional property)
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An Official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution

Statistical information is not requested from, nor is it provided by Professional Counselors of the Counseling Center who are performing that function and role as their employment with the College. Professional Counselors are not required by law to provide statistics for this compliance document. Counseling, as defined by the Federal law, who act in such capacities, have been advised that, while they are not obligated to report crimes for the purpose of compiling these statistics, they are encouraged, when they deem it appropriate, to inform the persons they are counseling of their ability to report any crimes to OCS for inclusion in the annual statistics. The Counseling Center facilitates anonymous reporting, as outlined earlier in this Annual Security Report.

All statistics are gathered, compiled, and reported to the college community via this report, entitled the “Annual Security Report,” which is published by OCS no later than October 1st of each year. OCS submits the annual crime statistics published in this brochure via a Web-based
reporting system to the Department of Education (ED). The statistical information gathered by
the ED is available to the public through the ED website.

OCS sends an email to every enrolled student and current employee on an annual basis
informing them of the availability of the Annual Security Report. The email includes a brief
summary of the contents of this report. The email also includes the address for the OCS website
where the Annual Security Report (ASR) can be found online, and notification that a physical
copy may be obtained by making a request to OCS by calling (313) 845-9630 or in person at the
Office of Campus Safety Office, Building N, 5101 Evergreen Rd, Dearborn, MI 48128. The
availability of the ASR is also posted on the admissions application website and included on all
Human Resources employment application forms informing prospective students and employees
how to access the ASR and obtain a copy.

Specific Information about Classifying Crime Statistics

The statistics in this brochure are published in accordance with the definitions and many of the
standards and guidelines used by the FBI Uniform Crime Reporting (UCR) Handbook, National
Incident-Based Reporting System (NIBRS), relevant Federal law (the Clery Act), and applicable
State law.

Clery Act Reporting

For Clery Act reporting purposes, the number of victims involved in a particular incident is
indicated in the statistics column for the following crime classifications: Murder/Non-Negligent
Manslaughter, Manslaughter by Negligence, Sex Offenses, and Aggravated Assault. For
example, if an aggravated assault occurs and there are three victims, this would be counted as
three aggravated assaults in the crime statistics chart. The number reflected in the statistics for
the following crime categories includes one offense per distinct operation: Robbery, Burglary,
Larceny, Vandalism, and Arson. For example, if five students are walking across campus
together and they are robbed, this would count as one instance of robbery in the crime statistics
chart. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. In cases
involving Liquor Law, Drug Law, and Illegal Weapons Law violations, the statistics indicate the
number of people arrested by law enforcement or referred to Student Compliance or Human
Resources for possible disciplinary action for violations of those specific laws.

Hate crimes are reported in narrative form and are separated by category of prejudice. A hate
crime is not a separate, distinct crime, but is the commission of a criminal offense that was
motivated by the offender’s bias. For example, a subject assaults a victim, which is a crime. If
the facts of the case indicate that the offender was motivated to commit the offense because of
their bias against the victim’s race, sexual orientation, gender, religion, ethnicity, national origin,
gender identity, or disability, the assault is then also classified as a hate crime. For Clery Act
purposes, Hate Crimes include any of the following offenses that are motivated by the offender’s
bias: Murder and Non-negligent Manslaughter, Sexual Offenses (rape, fondling, incest and
statutory rape), Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, intimidation, and Destruction/Damage/Vandalism of Property.

Campus Save was signed into law on March 7, 2013, as part of the reauthorization of the Violence Against Women Act (VAWA); it covers students and staff of institutions of higher education and amends the Jeanne Clery Act to include new reporting requirements for Domestic Violence, Dating Violence, and Stalking and additional policy statements and training requirements.

Geography Definitions from the Clery Act

On-Campus defined as: (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution’s educational purposes, including residence halls; and (2) Any building or property that is within or reasonably contiguous to the area identified in paragraph (1), that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or retail vendor).

Non-Campus Building or Property defined as: (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution (i.e. privately owned fraternity); or (2) Any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Non-Campus geography definition includes buildings or properties under temporary control during institutionally sponsored short-stay-away domestic or international trips for students of more than one night, or buildings or properties under temporary control during institutionally sponsored domestic or international trips for students to repeated locations.

- For example, students in the debate club take a trip to Washington, D.C. and stay at the same hotel every year. In this example, the institution must include in their Clery Act crime statistics any Clery Act crimes that occur in the rooms used by the students and any common areas used to access those rooms; including the lobby, elevator, and staircases.

Public Property defined as: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus or on-campus property/facilities.

On-campus Student Housing Facility defined as: Any student housing facility that is owned or controlled by the institution or is located on property that is owned or controlled by the institution and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility. This category is a considered a subset of the On-Campus category. Henry Ford College does not have any student housing facilities.

Reasonably Contiguous is defined in as: Any building or property an institution owns or controls that is in a location that students consider to be, and treat as, part of the “campus.”

DRUGS AND ALCOHOL

Drug and Alcohol Policy Statement

Henry Ford Colleges’ compliance with provisions of the Drug-Free Schools and Communities Act is achieved through a comprehensive alcohol and other drug prevention program, which includes policy enforcement, education programs, counseling supports, and referral to treatment services.

The Henry Ford College Drug and Alcohol Policy applies to all members of the college community – faculty, staff, and students. The Policy defines prohibited behavior and outlines consequences for violations. Also described are educational and counseling resources.

As outlined more fully in the Policy, https://policies.hfcc.edu/policy/drug-and, it prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students on college property or as part of any of its activities, including College sponsored or student group sponsored activities off campus. Alleged violations of HFC regulations are adjudicated through the student conduct process. Consequences for violations may include, but are not limited to, some form of disciplinary probation, required attendance at educational programs, referral for assessment and treatment, and suspension from HFC for sale of illegal drugs or repeated violations of the regulations. In addition, students can expect to be arrested and prosecuted for unlawful possession, use, or distribution of illicit drugs and alcohol on campus.

Consistent with Michigan and federal law, HFC maintains a workplace free from the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance. The unlawful manufacture, distribution, dispensation, possession, or use of controlled substances, illicit drugs, and alcohol are prohibited on any property under the control of and governed by the Dearborn School Board, and at any site where work is performed by individuals on behalf of the College. Pursuant to applicable College procedures governing employee discipline, any employee involved in the unlawful use, sale, manufacturing, dispensation, or possession of controlled substances, illicit drugs, or alcohol on College premises or work sites, or working under the influence of such substances, will be subject to disciplinary action up to and including dismissal and referral for prosecution.

Henry Ford College is a tobacco-free campus. For more information, please visit https://policies.hfcc.edu/policy/smoke-free.

Drug and Alcohol Education and Prevention

As a condition for receiving federal funds or any other form of federal financial assistance, all institutions of higher education must implement a drug and alcohol policy that complies with applicable federal, state and local drug and alcohol laws. The law requires institutions to implement a program that will prevent the unlawful manufacturing, dispensing, possession, use or distribution of illicit drugs and alcohol by students and employees.
Any violation of these policies or of local, state or federal laws regarding illicit drugs or alcohol will result in appropriate disciplinary action. In addition to college disciplinary sanctions, students, faculty and staff involved with illegal use, possession, or distribution of controlled substances may face criminal penalties and the College will cooperate fully with law enforcement agencies as appropriate. If a student has concerns about alcohol, drug addiction or the impact on their lives, they should meet with a counselor in the Counseling division. The phone number is 313-845-9611.

If an employee has concerns about drug or alcohol use – their own or that of others – they may want to consult with the College’s Employee Assistance Program (EAP). The phone number is 800-847-7240.

As members of an academic community, students and employees can expect an atmosphere that supports personal growth and learning. The College requires that its students and employees comply with legal standards and student conduct standards as they apply to alcohol and illicit/illegal drug use and possession.

The Law (Alcohol)

- The minimum age in Michigan for the purchase, consumption or possession of alcoholic beverages is 21-years-old.
- It is illegal to furnish or serve alcoholic beverages to any person under the age of 21.
- The law prohibits carrying or consuming alcoholic beverages in open containers outdoors on public property, regardless of a person’s age.
- It is illegal to possess, use false identification or to misrepresent one’s age for the purpose of obtaining or consuming alcoholic beverages.
- No group which is not licensed by the Liquor Control Board (LCB) may sell alcoholic beverages. The use of chits, chips, tickets or other means of exchange in place of cash violates LCB regulations.
- It is illegal to appear in any public place manifestly under the influence of alcohol to the degree that you may endanger yourself or other persons or property or annoy persons in your vicinity.
- A person under the age of 21 is prohibited from operating a motor vehicle with ANY alcohol in his/ her system.
- Driving under the influence of alcohol (blood alcohol level of 0.08% or greater) is illegal.

Health Risks and Medical Consequences of Alcohol and Drug Use

High risk alcohol and illegal drug use can cause serious problems. Illegal drug use includes the use of illicit drugs, as well as misuse of prescription drugs. Combining alcohol and drugs can greatly increase health risks.
Major health risks of alcohol and drug use include acute and chronic illness, psychological and emotional impairment, substance-use dependency, and death. Other health risks include short-term memory problems, learning impairments, sleep disruption, immune compromise, and mood swings. Side effects such as impaired judgment, slowed response time, mental confusion, and decreased motor coordination can lead to accidents, motor vehicle crashes, physical altercations, loss or damage to personal belongings and injuries. Use of alcohol and illegal drugs presents significant short-term and long-term health risks and medical consequences:

- Marijuana comes with significant risks that can impact a person’s life and health and includes substantial risks to an individual’s brain health, mental health, athletic performance, risks during pregnancy and to the unborn fetus, and the development of an addiction. Approximately 1 in 10 people who use marijuana will become addicted and if individuals start using before the age of 18, the rate of addiction increases to 1 in 6 (SAMHSA, CDC, 2020). Marijuana directly affects the brain, specifically the areas responsible for memory, learning, attention, decision making, coordination, emotions and motor coordination and reaction times. These effects can make it difficult to learn and retain information, may interfere with driving skills, and increase the risk of injuries and potentially harmful behaviors. Marijuana use in developing brains of children and adolescents can reduce attention, memory and learning functions, and affect how the brain builds connections between the areas necessary for these functions. This can result in poor educational outcomes, cognitive impairments, diminished life satisfaction and achievement. These effects can be long lasting or even permanent. Physical effects of marijuana can include breathing and respiratory complications including chronic bronchitis, increased heart rate, problems with child development during and after pregnancy, sleep interference, intense nausea, and vomiting. Marijuana has been linked to mental health problems such as depression, anxiety, paranoia and suicidal thoughts as well as an increased risk of psychosis and psychotic disorders (including schizophrenia) in persons with a genetic predisposition to those disorders.

- Marijuana edibles, or food and drink products infused with marijuana and eaten, have some different risks than smoking marijuana, including a greater risk of poisoning. Unlike inhaling marijuana, ingesting marijuana can take 30 minutes to 2 hours to take effect. Overconsumption can lead to poisoning and/or serious injury. The effects of edibles may last longer than expected depending on the amount consumed, the individual’s last meal, and medication, alcohol, or other substances used at the same time. The amount of THC, the active ingredient in marijuana, is very difficult to measure and is often unknown in edible products. Many users can be unprepared for the strength and long-lasting effects of edibles. Marijuana effects children and adults differently. Marijuana products that look like candy or treats have posed significant risks to children, who have required emergency medical care as a result of consuming such products.

- According to the 2018 National Survey on Drug Use and Health (“NSDUH”), 14.4 million adults ages 18 and older and 401,000 adolescents ages 12-17 have an Alcohol Use Disorder. An estimated 88,000 people die each year due to alcohol related causes, making alcohol the third leading preventable cause of death in the United States. In 2018, alcohol-impaired driving fatalities accounted for 29% of the overall driving fatalities.
Alcohol is a central nervous system depressant and affects every organ in the body and can impair brain function and motor skills. Alcohol interferes with the brain’s communication pathways, affecting how the brain looks and works. These disruptions can change mood and behavior and make it harder to think clearly and move with coordination. Heavy use can increase the risk of certain cancers including head and neck cancer, esophageal cancer, liver cancer, breast cancer and colorectal cancer.

Drinking heavily over a long time, or on a single occasion can damage the heart causing problems including cardiomyopathy, arrhythmias, stroke and high blood pressure. Alcohol causes the pancreas to produce toxic substances that eventually lead to pancreatitis, a dangerous inflammation and swelling of the blood vessels in the pancreas and liver diseases include steatosis, alcoholic hepatitis, fibrosis and cirrhosis. Alcohol also weakens the immune system, making chronic drinker more susceptible to diseases like pneumonia and tuberculosis and drinking on a single occasion slows your body’s ability to fight infections up to 24 hours after use. (NIAAA, 2020).

- Club drugs (MDMA, GHB, Rohypnol, Ketamine, and LSD (Acid)) can cause serious physical and mental health problems including long-lasting confusion, depression, increased anxiety, aggression, impulsiveness, cell and organ damage, heart and brain problems and in some cases, death. Because some club drugs are colorless, tasteless, and odorless, they can be added to beverages to sedate or intoxicate, with the intent to facilitate sexual assaults.

- Stimulant medication, including Amphetamines like Adderall®, methylphenidate like Ritalin/Concerta, and illicit substances like methamphetamine and cocaine, can cause irritability, mood disorders, acute and/or chronic anxiety, elevated blood pressure, and cardiac arrest, particularly in those with preexisting heart conditions. Long-term use of some stimulants may cause permanent damage to the brain, heart, lungs, and other organs.

- Opioids include prescription pain relievers like oxycodone, morphine, fentanyl, and heroin. When misused, opioids can lead to addiction, fatal overdose, spontaneous abortion, and infectious diseases associated with injection drug use like hepatitis and HIV. They also can cause serious health conditions including pulmonary complications, infection of the heart lining and valves, liver and kidney disease. Nearly half of the individuals who inject heroin reported using prescription opioids before starting to use heroin. Opioids can also greatly increase the risk of accidents and automobile crashes because they affect vision, depth perception, coordination, and other physical skills. Psychological side effects include poor concentration and impaired judgment. Driving under the influence of legal medication may result in a DUI violation.

- Long-term or heavy use of depressants like opioids, benzodiazepines and alcohol can lead to a profound physical addiction, requiring medically monitored detoxification in order to discontinue use safely. Individuals who are physically addicted to depressants can experience serious medical complications when attempting to discontinue use, including seizures, hallucinations, stroke, and death.
Almost all drugs carry the potential risk for overdose. Chronic, high-risk use of alcohol and drugs can also have psychological and social consequences, including loss of intimacy and significant relationships, pervasive feelings of unhappiness, a lack of motivation, drive and interest in the things that were once important, academic and employment impairments, financial losses, estrangement from family and other social support, inability to meet responsibilities and obligations, and significant legal issues. Federal and State Penalties for Drug Sale and Possession

The federal government decides if and how a drug should be controlled. Psychoactive (mind-altering) chemicals are categorized according to Schedule I to V. This schedule designates if the drug must be prescribed by a physician and under what conditions. Factors considered in this categorization include a drug's known and potential medical value, its potential for physical or psychological dependence, and risk, if any, to public health. Penalties for the illegal sale or distribution of a drug are established using the designation of Schedule I to V. The State of Michigan designates controlled substances as Schedule I through V, using similar definitions to those employed by the federal government. The State of Michigan’s schedule designations of individual drugs are similar, but not identical to those of the federal government.

**Schedule I** drugs have a high potential for abuse, have no currently accepted medical use in the United States, and lack acceptable safety for use under medical supervision. Examples of substances listed in Schedule I include heroin, lysergic acid diethylamide (LSD), marijuana (cannabis), peyote, methaqualone, and 3,4-methylenedioxymethamphetamine (ecstasy). GHB (gamma-hydroxybutyrate) can be a Schedule I or III drug, depending on its form.

**Schedule II** drugs have a currently accepted medical use in the United States, despite a high potential for abuse that may lead to severe psychological or physical dependence. Examples include combination products with less than 15 milligrams of hydrocodone per dosage unit (Vicodin), cocaine, methamphetamine, methadone, hydromorphone (Dilaudid), meperidine (Demerol), oxycodone (OxyContin), fentanyl, DEXEDRINE, Adderall, and Ritalin.

Federal and State of Michigan penalties for selling Schedule I and II drugs vary with the type and quantity of the drug. Additionally, if death, rape, or serious injury is associated with the use of the drug and/or if it is a second offense, penalties are more severe.

Unless otherwise specified by federal law, the federal penalty for the first offense involving a Schedule I or II controlled substance, GHB, or 1 gram of flunitrazepam (Schedule IV) is imprisonment for not more than 20 years. If death or serious bodily injury results from the use of such substances, the penalty is imprisonment for not less than 20 years or more than life, a fine not to exceed $1 million for an individual, or both. The State of Michigan’s penalty for other Schedule I or II controlled substances is imprisonment for not more than twenty years, a fine of not more than $25,000, or both.
The State of Michigan's penalty for unlawful manufacture, delivery, or possession with intent to deliver less than 50 grams of a Schedule I or II controlled substance is imprisonment for up to 20 years, and/or a fine of up to $25,000. Use of a Schedule I or II controlled substance is a misdemeanor that has a penalty of imprisonment for up to one year, a fine of up to $2,000, or both. Michigan law also provides for up to seven years imprisonment and/or a fine of not more than $5,000 for individuals who manufacture, deliver, or possess with intent to manufacture or deliver gamma-butyrolactone (GBL), a compound related to GHB.

For less than 50 kilograms of marijuana, except in the case of 50 or more marijuana plants regardless of weight, 10 kilograms of hashish, or one kilogram of hashish oil, the federal penalty is imprisonment for not more than 5 years, a fine not to exceed $250,000 for an individual, or both. In Michigan, with the exception of manufacture, possession, use, or sale consistent with the Michigan Medical Marihuana Act and Medical Marihuana Facilities Licensing Act, the “unlawful manufacture, delivery, or possession with intent to deliver” of less than 5 kilograms of marijuana or a mixture containing marijuana, or fewer than 20 marijuana plants, is a felony punishable by imprisonment for up to four years, a fine of up to $20,000, or both.

**Schedule III** drugs have a potential for abuse that is less than Schedule I and II substances, and abuse may lead to moderate or lower physical dependence or high psychological dependence. Examples include products containing less than 90 milligrams of codeine per dosage unit such as Tylenol with codeine, ketamine, anabolic steroids such as oxandrolone, or testosterone.

**Schedule IV** drugs have a low potential for abuse relative to substances in Schedule III. Examples include propoxyphene (Darvon® and Darvocet-N 100®), alprazolam (Xanax®), clonazepam (Klonopin®), diazepam (Valium®), lorazepam (Ativan®), and midazolam (Versed®).

**Schedule V** drugs have a low potential for abuse relative to substances listed in Schedule IV and consist primarily of preparations containing limited quantities of certain narcotics that are used for antitussive, antidiarrheal, and analgesic purposes, such as Robitussin AC®, Lomotil, Motofen, Lyrica, Parepectolin.

Except as otherwise provided by federal law, the penalty for first offense sale of a Schedule III drug is imprisonment for not more than ten years, a fine of not more than $500,000 for an individual, or both. The federal penalty for first offense sale of Schedule IV drugs is imprisonment for not more than five years, a fine of not more than $250,000 for an individual, or both. The federal penalty for first offense sale of Schedule V drugs is imprisonment for not more than one year, a fine of not more than $100,000 for an individual, or both.
other Schedule I, II, III, and IV controlled substances is punishable by imprisonment for not more than one year, a fine of not more than $1,000, or both.

**Michigan Law and College Policies**

To provide for the safety of members of the College community and the protection of College property, HFC has set minimum standards of conduct. Detailed information may be found in College Policies and/or General Student Regulations. These College standards of conduct do not replace, or relieve, persons from the obligation to comply with the requirements of civil or criminal laws. Unlawful behavior may result in criminal prosecution as well as College disciplinary action. The use or possession of marijuana on any property owned or managed by HFC, and by HFC’s faculty, staff, or students on any HFC property or during off-campus HFC business or events remains illegal and fully criminalized according to federal law. HFC is subject to the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989. In addition, the HFC Drug and Alcohol Policy prohibits the unlawful manufacture, distribution, dispensation, possession, and use of controlled substances, illicit drugs, and alcohol on property governed by HFC’s School Board and at any site where college work is performed.

**Review of 2018-2020 Activities (Biannual Assessment)**

The College has few incidents of alcohol and drug use reported or observed annually. During the 2018-20 academic years, there were zero cases reported involving alcohol/drug use, possession or suspected sale.
The College has a very effective response and referral process, and an annual educational activity. There is no need at this time to modify activities, although additional referral agencies and support resources are always sought to benefit students and employees.

The above document is sent to employees and students at mid-point of each fall and winter semester. Students can register for 15-week, 12-week, or eight-week classes. Sending the email out mid-semester ensures all students receive the email.

The College’s Behavioral Intervention Counselor oversees education and support provided to students who are found in non-compliance with laws or policies, or who are suffering from addiction. This counselor specializes in additions and behavioral modification.

To encourage additional students to seek assistance if they or a family member or friend are grappling with substance abuse or addiction, the Behavioral Intervention Counselor conducts an annual program held during Welcome Back Days. This activity is held openly in the Student & Culinary Arts Center (Building M on the main campus) during the first weeks of fall and winter classes. Students receive information about legal and health issues, risks, campus and community resources and support systems. College counselors provide individual counseling upon referral throughout the year.

Notification of Victims of Crimes of Violence

In accordance with the Higher Education Opportunity Act (HEOA), the College will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense the report on the results of any disciplinary proceeding conducted by the College against a student or employee who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Sex Offender Registry and Access to Related Information

The Adam Walsh Child Protection and Safety Act of 2006 provides for the registration and tracking of sex offenders. Institutions of higher education are required to issue a statement advising the campus community of where to obtain law enforcement agency information provided by a state concerning registered sex offenders. The law also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student.

In the State of Michigan, information regarding registered sex offenders who are subject to community notification may be obtained from a community member’s respective local municipal police agency and/or the Michigan State Police. The Dearborn Police Department is located at 16099 Michigan Ave, Dearborn, MI (phone 313 943-2221) or visiting the Michigan State Police sex offender web site at https://www.michigan.gov/msp/0,4643,7-123-1878_24961---,00.html.

VIOLENCE AGAINST WOMEN (VAWA) REAUTHORIZATION

Sexual Misconduct Policies, Services, Resources, and Protocols

Henry Ford College prohibits the crimes of domestic violence, dating violence, sexual assault, and stalking (as defined by the Clery Act) and reaffirms its commitment to maintaining a campus environment that emphasizes the dignity and worth of all members of the college community. Toward that end, Henry Ford College issues this statement of policy to inform the campus community of our programs to address domestic violence, dating violence, sexual assault and stalking as well as the procedures for institutional disciplinary action in cases of alleged dating
violence, domestic violence, sexual assault, or stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to a College official.

**Federal Clery Act Definitions of Domestic Violence, Dating Violence, Sexual Assault, and Stalking**

The Clery Act defines the crimes of domestic violence, dating violence, sexual assault and stalking as follows:

- **Domestic Violence:**
  i. A Felony or misdemeanor crime of violence committed by –
     a. A current or former spouse or intimate partner of the victim;
     b. A person with whom the victim shares a child in common;
     c. A person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
     d. A person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
     e. Any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
  ii. For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

- **Definition of a Crime of Violence:** According to Section 16 of Title 18 of the United States Code, the term “crime of violence” means:
  i. An offense that has an element of the use, attempted use, or threatened use of physical force against the person or property of another; or,
  ii. Any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense.

- **Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.
  i. The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
  ii. For the purposes of this definition –
     a. Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
     b. Dating Violence does not include acts covered under the definition of domestic violence.
iii. For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

- **Sexual Assault:** An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting (UCR) program. Per the National Incident-Based reporting System User Manual from the FBI UCR Program, a sex offense is “any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.”
  - **Rape** is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
  - **Fondling** is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental incapacity.
  - **Incest** is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
  - **Statutory Rape** is defined as sexual intercourse with a person who is under the statutory age of consent.

- **Stalking:**
  i. Engaging in a conduct directed at a specific person that would cause a reasonable person to-
     a. Fear for the person’s safety or the safety of others; or,
     b. Suffer substantial emotional distress.
  ii. For the purposes of this definition –
     a. **Course of Conduct** means two or more acts, including, but not limited to, acts which the stalker directs, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.
     b. **Reasonable Person** means a reasonable person under similar circumstances and with similar identities to the victim.
     c. **Substantial Emotional Distress** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
  iii. For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Jurisdictional Definitions of Domestic Violence, Dating Violence, Sexual Assault, Stalking, and Consent**

The State of Michigan laws can be found in the Michigan Complied Laws (MCL) and viewed at [www.legislature.mi.gov](http://www.legislature.mi.gov)
- **Domestic Violence** is defined as an assault or assault and battery of: 1) a current or former spouse, 2) an individual with whom the assailant has or has had a dating relationship, 3) an individual with whom the assailant has had a child in common, or 4) a resident or former resident of the assailant’s household.
  - “Dating relationship” means frequent, intimate associations primarily characterized by the expectation of affectional involvement. This term does not include a casual relationship or an ordinary fraternization between two individuals in a business or social context.

- **Dating Violence** is a form of domestic violence under Michigan law.

- Michigan criminal laws regarding sexual assault are separated into four degrees of criminal sexual conduct. For each of those criminal offenses, the following definitions apply:
  - "Sexual contact" includes the intentional touching of the victim's or actor's intimate parts or the intentional touching of the clothing covering the immediate area of the victim's or actor's intimate parts, if that intentional touching can reasonably be construed as being for the purpose of sexual arousal or gratification, done for a sexual purpose, or in a sexual manner for: (i) revenge, (ii) to inflict humiliation, or (iii) out of anger.
  - “Sexual penetration" means sexual intercourse, cunnilingus, fellatio, anal intercourse, or any other intrusion, however slight, of any part of a person's body or of any object into the genital or anal openings of another person's body, but emission of semen is not required.

- **Sexual Assault** is called Criminal Sexual Conduct in the State of Michigan. It is gender neutral and includes marital, stranger, date, acquaintance, and child sexual assault. Criminal Sexual Conduct is forcing or coercing an individual to engage in any non-consensual sexual contact or sexual penetration.

- **Stalking** is a willful course of conduct involving repeated or continuing harassment of another individual that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed, or molested and that actually causes the victim to feel terrorized, frightened, intimidated, threatened, harassed, or molested.

- **Consent** is not defined by Michigan law and is not an element of criminal sexual conduct that prosecutors are required to disprove beyond a reasonable doubt. Rather, consent is an affirmative defense available for defendants who are charged with committing criminal sexual conduct. HFC’s Sexual Misconduct Policy defines consent as the “words or actions that show a knowing and voluntary agreement to engage in mutually agreed upon sexual activity. Effective consent is absent when the activity in question exceeds the scope of effective consent previously given. Consent is a free and clearly given yes, not the absence of a no, and cannot be received when a person is incapacitated by alcohol or drugs.”
How to Be an Active Bystander

Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, call OCS at (313) 845-9630, or the local police by dialing 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
- Be direct, delegate responsibility, or cause a distraction when you see a person secludes, hits on, tries to make out with, or has sex with people who are incapacitated.
- Intervene when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on- or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org).

- Be Aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don’t know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have cab money and/or an on-demand driver app loaded.
- Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
- Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- Know your resources. Who should you contact if you or a friend needs help? Where should you go? Locate resources such as the campus health center, campus police station, and a local sexual assault service provider. Notice where emergency phones are located on campus, and program the campus security number into your cell phone for easy access.
- Stay alert. When you’re moving around on campus or in the surrounding neighborhood, be aware of your surroundings. Consider inviting a friend to join you or asking campus security for an escort. If you’re alone, only use headphones in one ear to stay aware of your surroundings.
- Be careful about posting your location. Many social media sites, like Facebook and Foursquare, use geolocation to publicly share your location. Consider disabling this function and reviewing other social media settings.
- Make others earn your trust. A college environment can foster a false sense of security. They may feel like fast friends but give people time earn your trust before relying on them.
- Think about Plan B. Spend some time thinking about back-up plans for potentially sticky situations. If your phone dies, do you have a few numbers memorized to get help? Do you have emergency cash in case you can’t use a credit card? Do you have the address to your dorm or college memorized? If you drive, is there a spare key hidden, gas in your car, and a set of jumper cables?
- Be secure. Lock your door and windows when you’re asleep and when you leave the room. If people constantly prop open the main door to the dorm or apartment, tell security or a trusted authority figure.
- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.)
- Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
- Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
- Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get them to a safe place immediately.
• If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.) Be explicit with doctors so they can give you the correct tests.
• If you need to get out of an uncomfortable or scary situation, here are some things that you can try:
  o Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
  o Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
  o Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
  o Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave then to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
• Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
• If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

This Policy is intended to ensure a safe and non-discriminatory educational and work environment and describes the process by which HFC meets its obligations under Title IX and its implementing regulations.

The purpose of this Policy is to eliminate, prevent and address sexual misconduct. In addition, this policy describes the process for reporting violations, investigating written complaints and the method to adjudicate the alleged violations. This policy also identifies resources available to HFC Community Members who are involved in an incident of sexual misconduct.

“Unless otherwise indicated, all references throughout this Policy to individuals or titles (e.g., Title IX Coordinator) shall include that individual’s designee.”

“Unless otherwise stated, all references to “days” in the Policy shall mean calendar days. To the extent a deadline falls on a weekend or a College holiday, the next business day shall be the applicable deadline.”

IV. Policy Statement

The College is committed to offering programs, activities and an educational environment free from sex and gender discrimination and conducive to positive learning and working experiences free from sex and gender discrimination. The College prohibits, and will not tolerate, sexual misconduct. For the purposes of this policy, sexual misconduct includes, but is not limited to, behaviors such as rape, sexual assault, sexual battery, sexual harassment, sexual coercion, domestic violence, dating/relationship violence, sexual exploitation, and stalking. College community members shall not engage in sexual misconduct. Persons who engage in such prohibited behavior are subject to disciplinary action, up to and including discharge for employees and dismissal for students and may be subject to criminal prosecution.

The College will respond to all complaints of alleged conduct that may be in violation of this policy. All reported Prohibited Conduct will receive a prompt, equitable, impartial, and thorough investigation and/or resolution; and will provide for appropriate disciplinary or other corrective action.

This Policy will apply when all of the following are met, in the reasonable determination of the Title IX Coordinator:

- occurred on or after August 14, 2020;
- occurred in the United States;
- occurred in the College’s Education Program or Activity education program or activity includes locations, events, or circumstances over which the College exercised substantial control over both the respondent and the context in which sexual harassment occurs, and also includes any building owned or controlled by a student organization that is officially recognized by the College, whether such a building is on-campus or off-campus; and
- At the time of filing a formal complaint, a complainant is participating in or attempting to
participate in the education program or activity at the College; and
• Constitutes Sexual Misconduct, as defined in this Policy.

The College will provide due process as described in this policy. The Sexual Misconduct Complaint Procedure is designed to provide due process for both parties. This includes providing the parties with an opportunity to present evidence, witnesses and relevant information during the investigation and hearing process described below.

All College proceedings under this Policy are conducted in compliance with the requirements of Title IX of the Education Amendments of 1972 ("Title IX") and regulations promulgated thereunder in 2020; Title VII of the Civil Rights Act of 1964 ("Title VII"); the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act"), as amended by the Violence Against Women Reauthorization Act of 2013 ("VAWA"), and state and federal law, as may be applicable.

A. Notice of Non-Discrimination

HFC does not discriminate against any person in any of its education or employment programs and activities on any basis prohibited by federal law or other applicable law, including on the basis of sex or gender, and it does not tolerate discrimination or harassment on the basis of sex or gender. The prohibition on discrimination extends to admission and employment, unless excepted by law.

The College complies with Title IX of the Education Amendments of 1972 (Title IX), and its implementing regulations (34 C.F.R. Part 106, as amended by 85 FR 30026 (May19, 2020), a federal law that provides that: No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance, including admissions and employment.

B. Jurisdiction and Timing

I. Personal and Geographical Jurisdiction. Any person may file a complaint of sexual misconduct against a registered or enrolled student or current employee under this process. A "student" means any student who is registered or enrolled at the College at the time of the alleged sexual misconduct (including, but not limited to, sexual misconduct that is alleged to have occurred during any academic recess, provided that there is an expectation of the student's continued enrollment at the College). If a student who was currently enrolled at the time of the alleged sexual misconduct subsequently withdraws from all courses, the College shall maintain personal jurisdiction. An “employee” is defined as a current employee.

This process applies to students, employees, and third parties. The process covers acts of Prohibited Conduct committed by or against students, employees, and third parties when the prohibited conduct occurs in the College’s education or employment programs or in activities which include locations, events, or circumstances over which the College exercised/exercises substantial control over both the respondent and the context in which the sexual harassment
occurs, and also includes any building owned or controlled by a College student organization that is officially recognized by the College.

II. **Timing of Complaints and Availability of Procedures.** So long as there is jurisdiction pursuant to B.1. above, there is no time limit to invoking this process in responding to complaints of alleged sexual misconduct. Nevertheless, students and HFC Community Members are encouraged to report alleged sexual misconduct as soon as possible in order to maximize the College's ability to obtain evidence, and conduct a thorough, impartial and reliable investigation. HFC encourages reporting within 180 days of an incident as delays in reporting alleged sexual misconduct may result in the loss of relevant evidence and witness testimony and may impair the College's ability to collect information relevant to the process. If the Respondent is a student who will be graduating, a hold will be placed on the Respondent's account until proper resolution of any sexual misconduct charges may occur, provided that a hearing opportunity can be scheduled in accordance with the Title IX timeline for the earliest practicable date that may reasonably accommodate the parties and their witnesses.

C. **Role of Title IX Coordinator**

The Title IX Coordinator(s) oversees the College’s compliance with Title IX, including its grievance procedure, education/prevention efforts, and training. The Coordinator(s) review information about sexual misconduct complaints to identify and address any patterns or systematic concerns that arise during the review of such complaints. The Coordinator(s) is available to meet with any College Community Member or campus organization that would like to discuss Title IX compliance at the College. Please see the College’s Title IX policy at: [https://policies.hfcc.edu/policy/sexual-misconduct](https://policies.hfcc.edu/policy/sexual-misconduct)

The Board of Trustees, employees, faculty, and staff are directed to refer to the Title IX Resource Guide for guidance in their reporting obligations. See the Related Documents section below for a link to the Title IX Resource Guide.

The College's Licensed Counselors are the only confidential employees not required to report sexual misconduct incidents to the Title IX Coordinator without Complainant permission.

E. Reporting Options
The College encourages all individuals to report Prohibited Conduct or a potential violation of this Policy to the Title IX Coordinator, the Office of Campus Safety, and/or local law enforcement. Any person can make a sexual misconduct report as follows:

I. To the Title IX Coordinator or Deputy Title IX Coordinator in person, by mail, phone, email, or by any other means that results in the Title IX Coordinator or Deputy Title IX Coordinator receiving the person’s verbal or written report.

II. Report to the Office of Campus Safety

III. To the United States Department of Education’s Office for Civil Rights regarding an alleged violation of Title IX (www2.ed.gov/about/offices/list/ocr/complaintintro.html or by calling 1-800-421-3481).

IV. Confidential or Anonymous Reporting: There are many supportive resources available at the College. Some of the resources are designated as confidential. Other resources provide support but may need to involve others. For confidential or anonymous reporting, you must either submit an anonymous online report or meet with a licensed counselor at
the HFC Counseling Center. If safety to others is a concern, or as required by law, the College may need to report the allegation.

The College is committed to fostering a community that promotes reporting of all types of sexual misconduct. All individuals are encouraged to promptly report conduct that may violate this Policy to the College and report conduct that may violate criminal law to both the College and local law enforcement.

The College can most efficiently and effectively investigate and respond to allegations of sexual misconduct if the complaint is made as promptly as possible after the alleged misconduct occurs.

F. Retaliation Prohibited

It is a violation of College Policy to retaliate against any person making a complaint of sexual misconduct, any person cooperating in the investigation of (including testifying as a witness) of any allegation of sexual misconduct, and supporters of the complainant. For the purposes of this document, retaliation means when a faculty/staff member/employer takes adverse action against a/an student/employee because she or he has engaged in a protected activity such as filing a complaint of discrimination or harassment. Retaliation may be found even when the underlying charge does not constitute discrimination or harassment in violation of College policies, and all persons who participate in a discrimination or harassment proceeding, not only the complainant, are protected against retaliation. The College will not tolerate retaliation.

An adverse retaliatory action is an action taken to deter a reasonable person from opposing a discriminatory or harassing practice and/or from participating in a discrimination or harassment proceeding or, more generally, from pursuing her/his rights. Examples of adverse actions include failing grade, termination, denial of promotion or demotion, and unjustified negative evaluations or references. Adverse actions do not include petty slights and annoyances, such as stray negative comments in an otherwise positive or neutral evaluation, snubbing a colleague, or addressing poor class/work performance. Students/Employees who have filed a complaint or expressed opposition to discrimination or harassment are still expected to perform their student/employee responsibilities and follow appropriate classroom/work decorum.

The College or other person may not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or this part, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this part. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part, may amount to retaliation. Complaints alleging retaliation may be filed according to the grievance procedures for sex discrimination. The exercise of rights protected under the First Amendment does not constitute retaliation. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation. However, a determination regarding responsibility alone will not be sufficient to conclude that any party made a materially false statement in bad faith.

G. First Amendment Protections

The College is also required and committed to upholding the First Amendment of the United States Constitution. Nothing in this process is intended to abridge the rights or freedoms guaranteed by the First Amendment, or to infringe on the proper exercise of academic freedom. The protections of the First Amendment must be carefully considered in all complaints involving speech or expressive conduct. The fact that speech or a particular expression is offensive is not, on its own, necessarily a legally sufficient basis to establish a violation of this policy.
This policy is not intended to restrict any rights that would otherwise be protected from
government action by the First Amendment of the U.S. Constitution; (2) Deprive a person of any
rights that would otherwise be protected from government action under the Due Process Clauses
of the Fifth and Fourteenth Amendments of the U.S. Constitution; or (3) Restrict any other rights
guaranteed against government action by the U.S. Constitution.

V. Definitions

For purposes of this policy, the following definitions will apply.

“Actual knowledge” means notice of sexual harassment or allegations of sexual harassment to a
recipient’s Title IX Coordinator or any official of the recipient who has the authority to institute
corrective measures on behalf of the recipient, or to any employee of an elementary and
secondary school.

"Clery Act" refers to the Jeanne Clery Disclosure of Campus Security Policy and Campus

"College" means Henry Ford College.

“Dating Violence” means a pattern of assaultive and/or controlling behaviors that one person
uses against another in order to gain or maintain power and control in the relationship. The
accused student has intentionally behaved in ways that causes fear, degradation and humiliation
to control the victim. Forms of abuse can be physical, sexual, emotional and/or psychological.

In determining whether an individual has engaged in “dating violence,” the following must be
established: the accused student and the victim have been in a societal relationship of a romantic
or intimate nature. The existence of such a relationship shall be determined based on a
consideration of the following factors: 1.) length of the relationship, 2.) type of the relationship,
and 3.) the frequency of interaction between the persons involved in the relationship.

“Document Filed by a Complainant” means a document or electronic submission (such as by
electronic mail or through an online portal provided for this purpose by the recipient) that
contains the complainant’s physical or digital signature, or otherwise indicates that the
complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a
formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this
regulation.

“Domestic Violence” is a pattern of behavior in which one person uses physical, sexual,
economic or emotional abuse to control the victim. This behavior specifically includes assaults
or an assault and battery of a person’s spouse or former spouse, an individual with whom he or
she has or has had a dating relationship, an individual with whom he or she has had a child in
common, or a resident or former resident of his or her household.

MCL 750.81(2) considers “domestic violence” a misdemeanor punishable by imprisonment for
not more than 93 days or a fine of not more than $500.00, or both.

“Duty to Report” all College Board of Trustees, employees, faculty and staff, are identified as
Responsible Employees. All Responsible Employees who learn of sexual misconduct or sexual
harassment against a student or employee or other form of discrimination are expected to notify
the Student or Employee Title IX Coordinator, including all Title IX violations as described
under Section III, Purpose have a Duty To Report under this Policy. If the allegation of gender-based harassment, sexual harassment or sexual assault involves a minor under the age of 17, the Board member, employee, faculty or staff is required to notify the Employee Title IX Coordinator and the Office of Campus Safety. An employee (including faculty and staff) who fails to report may be found to have violated Henry Ford College’s policies, and be subject to disciplinary actions, up to and including termination, in accordance with Collective Bargaining Agreement, if applicable. College employees whose role with the College is to serve in a privileged, professional capacity, such as licensed counselors, are not bound by this expectation except as required to law. College Employee for purposes of this Policy includes the Board of Trustees, all unionized, exempt and non-exempt Community College Members.

“Education Program or Activity” includes locations, events, or circumstances over which the school or district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. 34 C.F.R. § 106.44(a).

"Effective Consent" means words or actions that show a knowing and voluntary agreement to engage in mutually agreed-upon sexual activity. Effective consent is absent when the activity in question exceeds the scope of effective consent previously given. Consent is a free and clearly given yes, not the absence of a no, and cannot be received when a person is incapacitated by alcohol or drugs. See definition of incapacitation, below.

"FERPA" refers to the Family Educational Rights and Privacy Act.

“Formal Complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the recipient investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the recipient with which the formal complaint is filed.

“Grievance Process” The process of addressing Formal Complaints of Title IX Sexual Misconduct before the imposition of any disciplinary or other actions that are not Supportive Measures against a Respondent.

"Hearing Officers" mean the trained individuals identified/appointed by HFC to serve as the decision maker on Title IX complaints.

"Incapacitation" means the physical and/or mental inability to make informed, rational judgments. States of incapacitation include, without limitation, sleep, blackouts, and flashbacks. Where alcohol [or other drug] is involved, one does not have to be intoxicated or drunk to be considered incapacitated. Rather, incapacitation is determined by how the alcohol consumed impacts a person's decision-making capacity, awareness of consequences, and ability to make informed judgments. It is not the practice of the College to pursue disciplinary action against a complainant or witness for his or her improper use of alcohol or drugs (e.g., underage drinking), provided that such individual is acting in good faith as a complainant or witness to the events of the alleged sexual misconduct.

The question is whether the accused student knew, or a sober, reasonable person in the position of the accused student should have known, that the complainant was incapacitated. Because incapacitation may be difficult to discern, students are strongly encouraged to err on the side of
caution, e.g., when in doubt, assume that another person is incapacitated and therefore unable to give effective consent. Being intoxicated or drunk is never a defense to a complaint of Sexual Misconduct under this Process.

"Investigators" refers to the individuals trained and designated by the Title IX Coordinator to conduct investigations of alleged sexual misconduct, and to determine whether or not there is a reasonable basis to grant a hearing (as more specifically described in Section 4, below). The Title IX Coordinators and the Title IX hearing officers are also trained investigators and may be part of an investigative team at any time when necessary. 20 U.S.C. Section 1232g; 34 CFR Part 99. Sokolow, Brett A., Lewis, W. Scott, Schuster, Saundra K., NCHERM Institute on Responding to Campus Sexual Misconduct. 2010, p. 49.

"Non-Consensual Sexual Contact" means sexual contact that occurs without effective consent. "Non-Consensual Sexual Intercourse" means sexual intercourse that occurs without effective consent.

MCL 750.520d(1)(a) states that a person is guilty of third-degree criminal sexual conduct if the person engages in sexual penetration with another person and that person is at least thirteen but younger than sixteen years old. Accordingly, a thirteen-year-old child cannot legally consent to sexual penetration with another person because sexual penetration of a thirteen-year-old child is automatically third-degree criminal sexual conduct. People v. Starks, 473 Mich. 227.

“Notice” is when the College has actual knowledge is notice of sexual harassment or allegations of sexual harassment to a recipient’s Title IX Coordinator or any official of the recipient who has authority to institute corrective measures on behalf of the recipient. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the recipient with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the recipient.

"Off Campus Conduct" means conduct that occurred on any place other than on College-owned or leased property, at any College sanctioned function, at the permanent or temporary local residence of a College student, faculty member, employee, or visitor, or elsewhere in Michigan, and is reasonably related to a college function or activity. “Parties” includes the Complainant and Respondent as defined below.

• “Complainant” an individual, who must be participating or attempting to participate in the College’s Education Program or Activity who is alleged to be the victim of conduct that could constitute sexual harassment.
• “Respondent” an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Preponderance of Evidence” is a standard of evidence meaning that a proposition is more likely than not to be true.

“Prohibited Conduct” or "Sexual and Gender-Based Misconduct" is a broad term encompassing “Sexual Exploitation," “Sexual Harassment”, “Sexual Assault” “Sexual and/or
Gender Based Stalking” “Sex and Gender-Based Discrimination” “Sexual Harassment” which causes a hostile environment,” "Non-Consensual Sexual Contact,” “Gender-Based Harassment” “Retaliation” “Intimate Partner Violence” and "Non-Consensual Sexual Intercourse," as defined in this process. Sexual misconduct can occur between strangers or acquaintances, including people involved in an intimate or sexual relationship, sexual misconduct can be committed by men or by women, and it can occur between people of the same or different sex.

"Rape" which is a form of sexual assault, is defined as penetration, no matter how slight, of the vagina or anus with any body part or object, oral penetration by a sex organ of another person, without the consent of the victim encompasses conduct such as rape and sexual assault.

“Responsible Employees” means all Board of Trustees, faculty, employees, and staff (including teaching assistant, coaches, supervisors, club advisors) responsible for reporting allegations of sexual harassment and gender-based misconduct. Any employee of the College, unless the employee is authorized or required by law to keep information confidential as a result of her/his professional role (including employees of Counseling Services are considered to be Responsible Employees. See Title IX Resource Guide.

“Retaliation” It is a violation of College Policy to retaliate against any person making a complaint of sexual misconduct, any person cooperating in the investigation of (including testifying as a witness) of any allegation of sexual misconduct, and supporters of the complainant. For the purposes of this document, retaliation means when a faculty/staff member/employer takes an adverse action against a/an student/employee because she or he has engaged in a protected activity such as filing a complaint of discrimination or harassment. Retaliation may be found even when the underlying charge does not constitute discrimination or harassment in violation of College policies, and all persons who participate in a discrimination or harassment proceeding, not only the complainant, are protected against retaliation. The College will not tolerate retaliation.

"Sexual Assault" is defined as having or attempting to have sexual intercourse or having sexual contact with another individual by force or threat of force; without consent; or where that person is incapacitated.

"Sexual Contact" means the deliberate touching of a person's intimate parts (including genitalia, groin, breast or buttocks, or clothing covering any of those areas), or using force to cause a person to touch his or her own or another person's intimate parts. Sexual Assault is any sexual contact without consent.

"Sexual Exploitation" means taking sexual advantage of another person without effective consent, and includes, without limitation, causing or attempting to cause the incapacitation of another person in order to gain a sexual advantage over such other person; causing the prostitution of another person; recording, photographing or transmitting identifiable images of private sexual activity and/or the intimate parts (including genitalia, groin, breasts or buttocks) of another person; allowing third parties to observe private sexual acts; engaging in voyeurism; and/or knowingly and intentionally exposing another person to a significant risk of a sexually transmitted infection.

“Sexual Harassment” means conduct on the basis of sex that satisfies one or more of the following: (1) a school employee conditioning education benefits on participation in unwelcome
sexual conduct (i.e. quid pro quo); or (ii) unwelcome conduct that a reasonable person would
determine is so severe, pervasive, and objectively offensive that it effectively denies a person
equal access to the school’s education program or activity; or sexual assault (as defined in the
Clery Act) dating violence, domestic violence, or stalking as defined in the Violence Against
Women Act (VAWM) The College strongly encourages individuals to report all unwelcome
counter based on sex to the Title IX Coordinators.

In evaluating any complaint of sexual harassment, the perceived offensiveness of a particular
expression, standing alone, is not sufficient by itself to be actionable. The exclusive purpose of
this distinction is to protect individuals from sex or gender discrimination, consistent with both
federal regulatory law and the requirements of the First Amendment to the United States
Constitution.

“Sexual harassment which causes a hostile environment” means unwelcome conduct based
on sex or gender (e.g., sexual orientation, gender stereotypes, sexual preference and/or
pregnancy or a pregnancy-related status), which is so severe, persistent, or pervasive, that it
unreasonably interferes with an individual’s College employment, academic performance or
participation in College programs or activities and creates a working, learning, program or
activity environment that a reasonable person would find intimidating, hostile or abusive. Types
of potential harassment include, but are not limited to, stalking and bullying. The inclusion of a
definition of “sexual harassment” that is separate from the definition of “sexual harassment
causing a hostile environment” was adopted based on the language used in the Montana-
Missoula OCR Letter:
https://www.justice.gov/sites/default/files/opa/legacy/2013/05/09/ops-fi...

Examples of sexual harassment include, but are not limited to:
• Sexual violence, including sexual assault, rape and sexual exploitation
• Threats or insinuations that led the recipient reasonably to believe that granting or denying
sexual favors will affect her/his reputation, education, employment, advancement, or standing at
the College
• Sexual advances, sexual propositions, or sexual demands that are not agreeable to the recipient
• Unwelcome sexually explicit material presented via email, text message, or other means of
communication
• sexual misconduct such as stalking, cyberstalking, recording or transmitting sexual images
without an individual’s consent, and voyeurism
• Unwelcome and persistent sexually explicit statements or stories that are not legitimately
related to employment duties, course content, research, or other College activities or programs
• Repeatedly using sexually degrading words or sounds to a person or to describe a person
• Unwanted and unnecessary touching, patting, hugging, or other physical contact of any body
part
• Recurring comments or questions about a person’s sexual prowess, preferences, deficiencies or
behavior.

Simply because a type of sexual behavior does not fall within a clear definition of sexual
harassment that does not render the sexual behavior acceptable in the workplace or classroom.
The behavior may be in violation of other College policies, and if disruptive or unprofessional
may be subject to disciplinary action.
"Sexual Intercourse" means penetration (anal, oral or vaginal) by, but not limited to, a penis, tongue, finger, or an inanimate object.

“Sexual Violence” means a physical sexual act perpetrated without consent. This encompasses conduct such as rape and sexual assault.

“Stalking” means a pattern of behavior made up of a series of two or more separate non-continuous acts which shares the same purpose and causes a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed or molested, and that actually causes the victim to feel terrorized, frightened, intimidated, threatened, harassed or molested.

“Student Code of Conduct” means HFC’s Student Code of Conduct, as enforced by the Office of Student Conduct and Compliance.

“Supportive Measures” The term “supportive measures” or “interim supportive measures” means “non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed.” 34 C.F.R. § 106.30(a).

Supportive measures “are designed to restore or preserve equal access to the recipient’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient’s educational environment, or deter sexual harassment.” Examples include “counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restriction]ns on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.”

Supportive measures are coordinated by the Title IX Coordinator, and should be kept confidential, to the extent that maintaining confidentiality does not otherwise interfere with the provision of supportive measures.

“Title IX Coordinator” means the individual identified by HFC who will receive Title IX Complaints, issue appropriate notice to the parties, determine interim measures, and determine whether the complaint is appropriate for the Title IX process, or informal resolution, or dismissal.

"VP" refers to the Vice President of Student Affairs and Vice President of Human Resources (and/or their designees). The College has designated the VP’s designees as the Title IX Coordinators listed above for purposes of this process and in accordance with federal regulations.

"Vice President’s Office" means the Office of the Vice President of Student Affairs or the Vice President of Human Resources located in the Administration Building, currently Room numbers 430 and 424.
Related Misconduct; Criminal Proceedings

A. Other Related Misconduct.

In accordance with this process, the Hearing Officer is empowered to hear allegations of, and to recommend and/or impose sanctions for, sexual misconduct and any other violation(s) of the College's Student Code of Conduct directly related to the alleged sexual misconduct. Such related misconduct may include, without limitation, violations of the rules of privacy as articulated herein, violations of the Title IX Coordinator’s directive(s) discussed in the Title IX Complaint Procedures, and/or violations of other College policies that occurred in the course of the alleged sexual misconduct.

Employees, students and other College Community Members are expected to comply with all College policies, including without limitation, the College’s Drug and Alcohol policies.

Any students, employees or College Community Members who appear before the Panel, whether as parties to the proceedings or as witnesses, are expected to provide truthful testimony in accordance with the College's Student Code of Conduct, employment or other College policies.

B. Effect of Criminal Proceedings

Because sexual misconduct may constitute both a violation of College policy and criminal activity, the College encourages students to report alleged sexual misconduct promptly to local law enforcement agencies. Criminal investigations may be useful in the gathering of relevant evidence, particularly forensic evidence within 72 hours of incident. Because the standards for finding a violation of criminal law are different from the standards for finding a violation of College Policies, criminal investigations or reports are not determinative of whether sexual misconduct, for purposes of this process or applicable College Policies, has occurred. Conduct may constitute sexual misconduct under this process even if law enforcement agencies lack sufficient evidence of a crime and therefore decline to prosecute. In such cases, the complainant may not initially understand the results of the criminal investigation, the nature of criminal procedure, or the grounds for the law enforcement decision not to prosecute. The complainant in such cases may request that the Title IX Coordinator identify an advocate to assist the complainant in seeking and attending a meeting with the local prosecutor to gain an understanding of the decision to decline a prosecution.

The filing of a complaint of sexual misconduct under this process is independent of any criminal investigation or proceeding, and (except that the College's investigation may be delayed temporarily while the criminal investigators are gathering evidence) the College will not wait for the conclusion of any criminal investigation or proceedings to commence its own investigation and take interim measures to protect the complainant and the College community, if necessary, as described in the Procedures.

The Procedure for filing a Title IX sexual misconduct or sexual harassment complaint at the College shall be developed by the President and/or his or her designee in accordance with this Policy. These Procedures shall appear on the College's website and there is a link below under Related Documents that will take you to this Procedure.

Title IX Resource Guide

Programs to Prevent Domestic Violence, Dating Violence, Sexual Assault, and Stalking

Henry Ford College prohibits the crimes of domestic violence, dating violence, sexual assault, and stalking as defined in the Violence Against Women Act.

The College engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that:
• Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
• Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

Henry Ford College’s educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students that:

• Clearly communicate that the institution prohibits the crimes of domestic violence, dating violence, sexual assault, and stalking (as defined by the Clery Act);

• Provide an overview of information contained in the Annual Security Report in compliance with the Clery Act;
• Provide information regarding:
  o Procedures victims should follow if a crime of domestic violence, dating violence, sexual assault, or stalking occurs.
  o How the institutional will protect the confidentiality of victims and other necessary parties (as described in “Assistance for Victims: Rights and Options” elsewhere in this Annual Report);
  o Existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both in the institution and in the community (as described in “Assistance for Victims: Rights and Options” elsewhere in this Annual Report); and
  o Options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures (as described in “Assistance for Victims: Rights and Options” elsewhere in this Annual Report);
  o Procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking (as described in “Adjudication of Violations” elsewhere in this Annual Report).
Primary Prevention and Awareness Programs

The College provides primary prevention and awareness programs to all incoming students and employees that involves the distribution of educational materials to new students, participating in and presenting information and materials during new student and employee orientations, providing programs by invitation at staff meetings or academic programs, and requiring incoming first-year students and returning upper-class students to take online courses related to sexual assault and high risk drinking awareness and education. These trainings include:

- Clearly articulated statements that the College prohibits the crimes of domestic violence, dating violence, sexual assault and stalking;
- The Federal and State definitions of domestic violence, dating violence, sexual assault and stalking;
- The College and State definitions of consent;
- A description of safe and positive options for bystander intervention;
- Information on specific risk reduction strategies.

Ongoing Prevention and Awareness Campaigns

The College provides an annual educational campaign for all students and employees designed to provide ongoing education and programming around issues of sexual violence – including sexual assault, domestic violence, dating violence, and stalking. Campaign strategies employed include face-to-face presentations, online training programs, printed materials, tabling displays and related lectures.

The following are some specific examples of annual programs currently offered by the college. This list is not all inclusive:

- Online Education:
- Orientation Programing: Incoming first-year students participate in an information session about the Clery Act and Title IX information, in addition to learning about the Sexual Misconduct Policy, bystander intervention, and resources. New faculty and employees receive Clery Act and Title IX information during their orientation programs.
- Domestic Violence
- Intimate Partner Violence
- Anxiety and Depression
- Human Trafficking
- Sexual Assault and Harassment

NOTE: Due to the pandemic and the College’s decision to move to remote learning and working in March of 2020, these and other face-to-face programs were suspended.

The Violence Against Women Act (VAWA) defines the crimes of domestic violence, dating violence, sexual assault and stalking as follows:
- Sexual Assault: An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s UCR program.
- Sex Offenses: Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.
  - Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
  - Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
  - Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
  - Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

For the purposes of this definition:

Consent means voluntary, positive agreement between the participants to engage in specific sexual activity.

Age of consent in Michigan is 16 years of age.

- Domestic Violence: A felony or misdemeanor crime of violence committed
  - By a current or former spouse or intimate partner of the victim;
  - By a person with whom the victim shares a child in common;
  - By a person who is cohabitating with, or has cohabited with, the victim as a spouse or intimate partner;
  - By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;
  - By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

- Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

- Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others; or suffer substantial emotional distress.

For the purposes of this definition:
Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.

Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

- **Consent** is not defined by Michigan law and is not an element of criminal sexual conduct that prosecutors are required to disprove beyond a reasonable doubt. Rather, consent is an affirmative defense available for defendants who are charged with committing criminal sexual conduct. HFC’s Sexual Misconduct Policy defines consent as the “words or actions that show a knowing and voluntary agreement to engage in mutually agreed upon sexual activity. Effective consent is absent when the activity in question exceeds the scope of effective consent previously given. Consent is a free and clearly given yes, not the absence of a no, and cannot be received when a person is incapacitated by alcohol or drugs.”

**Michigan Laws and Definitions**

The State of Michigan laws can be found in the Michigan Complied Laws (MCL) and viewed at [www.legislature.mi.gov](http://www.legislature.mi.gov)

- **Domestic Violence** is defined as an assault or assault and battery of: 1) a current or former spouse, 2) an individual with whom the assailant has or has had a dating relationship, 3) an individual with whom the assailant has had a child in common, or 4) a resident or former resident of the assailant’s household.
  - “Dating relationship” means frequent, intimate associations primarily characterized by the expectation of affectional involvement. This term does not include a casual relationship or an ordinary fraternization between two individuals in a business or social context.
- **Dating Violence** is a form of domestic violence under Michigan law.
- Michigan criminal laws regarding sexual assault are separated into four degrees of criminal sexual conduct. For each of those criminal offenses, the following definitions apply:
  - "Sexual contact" includes the intentional touching of the victim's or actor's intimate parts or the intentional touching of the clothing covering the immediate area of the victim's or actor's intimate parts, if that intentional touching can reasonably be construed as being for the purpose of sexual arousal or gratification, done for a sexual purpose, or in a sexual manner for: (i) revenge, (ii) to inflict humiliation, or (iii) out of anger.
  - “Sexual penetration” means sexual intercourse, cunnilingus, fellatio, anal intercourse, or any other intrusion, however slight, of any part of a person's body.
or of any object into the genital or anal openings of another person's body, but emission of semen is not required.

- **Sexual Assault** is called Criminal Sexual Conduct in the State of Michigan. It is gender neutral and includes marital, stranger, date, acquaintance, and child sexual assault. Criminal Sexual Conduct is forcing or coercing an individual to engage in any non-consensual sexual contact or sexual penetration.

- **Stalking** is a willful course of conduct involving repeated or continuing harassment of another individual that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed, or molested and that actually causes the victim to feel terrorized, frightened, intimidated, threatened, harassed, or molested.

- **Consent** is not defined by Michigan law and is not an element of criminal sexual conduct that prosecutors are required to disprove beyond a reasonable doubt. Rather, consent is an affirmative defense available for defendants who are charged with committing criminal sexual conduct. HFC’s Sexual Misconduct Policy defines consent as the “words or actions that show a knowing and voluntary agreement to engage in mutually agreed upon sexual activity. Effective consent is absent when the activity in question exceeds the scope of effective consent previously given. Consent is a free and clearly given yes, not the absence of a no, and cannot be received when a person is incapacitated by alcohol or drugs.”

### How to Be an Active Bystander

Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do event if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, call OCS at (313) 845-9630, or the local police by dialing 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
- Be direct, delegate responsibility, or cause a distraction when you see a person secludes, hits on, tries to make out with, or has sex with people who are incapacitated.
- Intervene when someone discusses plans to take sexual advantage of another person.
• Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
• Refer people to on- or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

Risk Reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence. With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

• **Be Aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
• **Try to avoid isolated areas.** It is more difficult to get help if no one is around.
• **Walk with purpose.** Even if you don’t know where you are going, act like you do.
• **Trust your instincts.** If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
• **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
• **Make sure your cell phone is with you and charged** and that you have cab money and/or an on-demand driver app loaded.
• **Don’t allow yourself to be isolated** with someone you don’t trust or someone you don’t know.
• **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
• **Know your resources.** Who should you contact if you or a friend needs help? Where should you go? Locate resources such as the campus health center, campus police station, and a local sexual assault service provider. Notice where emergency phones are located on campus, and program the campus security number into your cell phone for easy access.
• **Stay alert.** When you’re moving around on campus or in the surrounding neighborhood, be aware of your surroundings. Consider inviting a friend to join you or asking campus security for an escort. If you’re alone, only use headphones in one ear to stay aware of your surroundings.
• **Be careful about posting your location.** Many social media sites, like Facebook and Foursquare, use geolocation to publicly share your location. Consider disabling this function and reviewing other social media settings.
• **Make others earn your trust.** A college environment can foster a false sense of security. They may feel like fast friends, but give people time earn your trust before relying on them.
• **Think about Plan B.** Spend some time thinking about back-up plans for potentially sticky situations. If your phone dies, do you have a few numbers memorized to get help? Do you have emergency cash in case you can’t use a credit card? Do you have the address to your dorm or college memorized? If you drive, is there a spare key hidden, gas in your car, and a set of jumper cables?

• **Be secure.** Lock your door and windows when you’re asleep and when you leave the room. If people constantly prop open the main door to the dorm or apartment, tell security or a trusted authority figure.

• When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.

• **Trust your instincts.** If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.)

• **Don’t leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.

• **Don’t accept drinks from people you don’t know or trust.** If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.

• **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get them to a safe place immediately.

• If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.) Be explicit with doctors so they can give you the correct tests.

• If you need to get out of an uncomfortable or scary situation, here are some things that you can try:
  
  o Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
  
  o Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
  
  o Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
  
  o Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave then to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

• Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

**Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault, or Stalking Occurs**

After an incident of sexual assault, dating violence, or domestic violence, the victim should consider seeking medical attention as soon as possible at a local medical facility. Sexual Assault Nurse Examiners (SANE) at the hospital are trained and certified in physical evidentiary recovery kit collection. Evidence may be collected, even if the victim chooses not to make a report to law enforcement.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours, so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring, or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infections. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs, or other copies of documents, if they have any, that would be useful to College adjudicators/investigators or local police.

**Involvement of Law Enforcement and Campus Authorities**

Although the College strongly encourages all members of its community to report violations of this policy to Campus Safety and the Dearborn Police Department, it is the victim’s choice whether or not to make such a report. Furthermore, victims have the right to decline to notify law enforcement.

However, the Office of Campus Safety will assist any victim with notifying law enforcement if the victim so desires. The Dearborn Police Department may also be reached by calling (313) 943-2201, or 911 in emergency situations; or in person at the Dearborn Police Department located at 16099 Michigan Ave in Dearborn.

**Reporting Incidents of Domestic Violence, Dating Violence, Sexual Assault, and Stalking**

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator (office: Building N, Room 223; phone (313) 845-6301) by calling, writing, or coming into the office to report in person. Reports of all domestic violence, dating violence, sexual assault, and stalking made to Campus Safety will automatically be referred to the Title IX Coordinator for review. The Title IX Coordinator
is not a confidential reporting entity and is required to report criminal incidents to Campus Safety.

Facilitated Anonymous Reporting through the Counseling Center

Professional counselors assigned to the Counseling Center are confidential resources and do not report incidents. In their capacity and function, they do not make identifiable reports of incidents to the official on-campus resources unless the student specifically requests them to do so; however, the College encourages counselors to inform students that they can report incidents of crime to the Office of Campus Safety, which can be done directly or anonymously (as described in “Anonymous and Confidential Reporting” elsewhere in this Annual Report). Students may request the Counseling Center to facilitate anonymous reporting using an internal form designed to capture general details about the incident (date, time, location, and brief description of the incident type) for inclusion in the College’s Annual Security Report.
Anonymous Online Reporting

Students and employees of the college may additionally file a report about sexual misconduct anonymously through the college’s online Maxient reporting system (as described in “Anonymous and Confidential Reporting” elsewhere in this Annual Report), but note, while anonymous reports are accepted, the College’s ability to address the misconduct reported in this manner is significantly limited. The amount of detail provided in these reports may enable the College to initiate an investigation into the circumstances surrounding the report. Such an investigation may jeopardize the anonymity of the reporting person or complainant.

Employee Assistance Program

Henry Ford College also provides an Employee Assistant Program (EAP) for use by employees. The EAP is available to all benefit eligible employees with such problems as sexual or physical abuse, depression, marital and relationship conflict, stress, grief, critical incident stress, anxiety, and other personal matters. The contact number of the EAP is 855-775-4357.

All information relating to an employee’s EAP participation is strictly confidential. Only the EAP provider maintains EAP records. The EAP provider does not release specific information about an employee’s use of EAP services, unless the employee gives their advance written consent. The EAP does not report incidents to any Official On-Campus Resources unless the employee specifically gives them permission to do so.

Assistance for Victims – Rights & Options

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options.

Such written information will include:

- The procedures victims should follow if a crime of dating violence, domestic violence, sexual assault, or stalking has occurred;
- Information about how the institution will protect the confidentiality of victims and other necessary parties;
- A statement that the institution will provide written notification to students and employees about victim services in the institution and in the community;
- A statement regarding the institution’s provisions about options for, available assistance in, and how to request accommodations and protective measures; and
- An explanation of the procedures for institutional disciplinary action.
Personal Protection Orders (PPO) and No-Contact Orders

The Student Compliance and Title IX Coordinator may decide to issue a “no-contact directive” as a protective measure. For example, a no-contact directive may prohibit the Claimant and Respondent from having contact with one another. No-contact directives are issued on a case-by-case basis and are enforced at the College level.

A Personal Protection Order (PPO) is different than a no-contact directive and another order issued by the College. A PPO is issued by the state court system – no by the college. A PPO is a judicial order that forbids an individual from doing something or requires an individual to do something. A PPO is enforced by the police. A PPO is only issued by the local county circuit court in the State of Michigan. In Wayne County you can apply for a PPO at:

Wayne County Clerk’s Office
Coleman A. Young Municipal Center
Suite 928
Detroit, MI 48226
(313) 224-6262

Any person who obtains a PPO in Michigan or any reciprocal state should provide a copy to the OCS and the Title IX Coordinator. A complainant may then meet with Campus Safety to develop a Safety Action Plan, which is a plan for Campus Safety and the victim to reduce the risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: safe walks, special parking arrangements, changing classroom/work site location, or working with Academic Advising on alternative class possibilities, allowing a student to complete assignments from home, allowing an employee to develop a flexible work schedule, etc.

Accommodations and Protective measures Available for Victims

Upon receipt of a report of domestic violence, dating violence, sexual assault, or stalking, Henry Ford College will provide written notification to students and employees about accommodations available to them, including academic and working situations. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations, and how to request accommodations and protective measures.

At the victim’s request, and to the extent of the victim’s cooperation and consent, College offices will work cooperatively to assist the victim in obtaining accommodations. If reasonably available, a victim may be offered changes to academic, working, or transportation situations regardless of whether the victim chooses to report the crime to law enforcement.

Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, providing a safe walk, etc.
To request changes to academic, transportation, and/or working situations, or protective measures, a victim should:

- **Students:** Contact the Title IX Coordinator and/or the Campus Safety Manager.
- **Employees/Faculty:** Contact the Human Resources Office and/or the Campus Safety Manager.

**Confidentiality**

Victims may request that directory information on file with the College be withheld by request. This request can be made to the Registrar’s Office by visiting the Welcome Center or by calling (313) 845-9600. Employees can contact the Human Resources Office to make a similar request regarding directory information at (313) 845-9820.

Henry Ford College protects all student information in compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA). Regardless of whether a victim has opted-out of allowing the College to share “directory information,” personally identifiable information about the victim and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know; i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures. By only sharing personally-identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The College does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Campus Safety Alert is issued on the basis of a report of domestic violence, dating violence, sexual assault, or stalking, the name of the victim and other personally identifiable information about the victim will be withheld; this could include the specific location where an incident is reported to have occurred when reporting the location could inadvertently identify the victim.

**On- and Off-Campus Services for Victims**

Upon receipt of a report of domestic violence, dating violence, sexual assault, or stalking, Henry Ford College will provide written notification to students and employees about existing assistance with and/or information about obtaining resources and services, including counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and assistance in notifying appropriate local law enforcement. If a sexual assault or rape should occur on campus, staff on-scene, including OCS, will offer the victim a wide variety of services. This information regarding “resources” is not provided to infer that those resources are “crime reporting entities” for Henry Ford College.

Adjudication of Violations

The College’s disciplinary process includes a prompt, fair, and impartial process from the initial investigation to the final result. A prompt, fair, and impartial proceeding includes a proceeding that is:

A. Completed within reasonably prompt timeframes designated by an institution’s policy, including a process that allows for the extension of timeframes for good cause with written notice to the accuser and the accused of the delay and the reason for the delay;
B. Conducted in a manner that –
   1. Is consistent with the institution’s policies and transparent to the accuser and accused;
   2. Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
   3. Provides timely and equal access to the accuser, the accused, and appropriate officials to any information that will be used during informal and formal disciplinary meetings and hearings; and
C. Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
D. The proceedings will be conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
E. The proceedings will not limit the choice of advisor or presence for either the accuser or the accused in any meeting or institutional disciplinary proceeding; however, the institution may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.
F. The proceedings will require simultaneous notification, in writing, to both the accuser and the accused, of the result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking. Result means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provisions Act (20 U.S.C.1232g), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must also include the rationale for the result and the sanctions.
G. The accuser and the accused will receive simultaneous notification, in writing, of any change to the result and when such results become final.

If the Victim Does Not Wish to Pursue resolution

All reported cases of sexual misconduct will be referred to the Title IX Coordinator for a preliminary assessment. In cases where the Victim does not wish to become a Complainant, the College has two options:

1. The College may attempt to resolve the complaint in a manner consistent with the Victim’s request. This may include holding the report for action at a later date.
2. The college may pursue a judicial hearing against the Respondent named in the investigation. Under these circumstances, the College would take into consideration the nature of the assault, the safety of the Victim and the campus community, as well as the previous disciplinary history and previous allegations of sexual misconduct.

Whether or not criminal charges are filed, the College or a person may file a complaint under the sexual misconduct and grievance procedures outlined in the following section, depending upon the status of the accused (student or employee).

Title IX Student and Employee Grievance Process (includes cases of Sexual Assault, Dating Violence, Domestic Violence, and Stalking)

Please note, an employee complaint will be conducted either in accordance with this procedure or applicable Collective Bargaining Agreement.

A. Intake Meeting with Complainant.

Upon receipt of notice of any allegation of sexual misconduct, the Student Title IX Coordinator will first schedule an individual intake meeting with the complainant in order to provide to the complainant a general understanding of this process and to identify forms of support or immediate interventions available to the complainant. The intake meeting may also involve a discussion of any interim measures (in accordance with III.D. below) that may be appropriate in light of the known information.

B. Complainant Wishes to Pursue Formal or Informal Resolution.

At the initial intake meeting with the complainant, the Student Title IX Coordinator will gather basic information about the alleged incident and seek to determine how the complainant wishes to proceed, (e.g., whether the complainant wishes to pursue Formal Resolution, Informal Resolution or does not wish to pursue resolution of any kind).

If the complainant wishes to proceed with either Informal Resolution or Formal Resolution, the Student Title IX Coordinator will determine the name of the accused student, the date, location, and nature of the alleged sexual misconduct, and will schedule an individual intake meeting with the accused student in order to provide to the accused student with a general understanding of
this process and to identify forms of support or immediate interventions available to the accused student.

If the complainant wishes to proceed with Formal Resolution, the Student Title IX Coordinator will promptly prepare and forward a formal complaint to the investigators for investigation. The formal complaint will set forth the name of the accused student, and the date, location and nature of the alleged sexual misconduct.

If the complainant wishes to proceed with Informal Resolution, the Student Title IX Coordinator will promptly refer the matter and initiate Informal Resolution proceedings in accordance with Section V, below.

C. Complainant Does Not Wish to Pursue Resolution or Requests Confidentiality.

If the complainant does not wish to pursue Formal or Informal Resolution and/or requests that his or her complaint remain confidential, Title IX nevertheless requires the College to investigate and take reasonable action in response to the complainant's information. The Student Title IX Coordinator will inform the complainant, however, that the College's ability to respond may be limited. The Student Title IX Coordinator may refer the allegation to a designated investigator to conduct a preliminary investigation into the alleged sexual misconduct. The investigator may weigh the complainant's request(s) against the following factors: the seriousness of the alleged sexual misconduct; whether there have been other complaints of sexual misconduct against the same accused student; and the accused student's right to receive information about the allegations if the information is maintained by the College as an "educational record" under FERPA. The Student Title IX Coordinator will inform the complainant if the College cannot ensure confidentiality. Even if the College cannot take disciplinary action against the accused student because the complainant insists on confidentiality or that the complaint may not be resolved, the Student Title IX Coordinator reserves the authority to undertake an appropriate inquiry, issue a "no-contact" order, and take other reasonably necessary measures, including the interim measures.

D. Interim Measures.

In all complaints of alleged sexual misconduct, regardless of whether the complainant wishes to pursue Formal Resolution, Informal Resolution or no resolution of any kind, the College will undertake an appropriate inquiry and take such prompt and effective action that is reasonably practicable under the circumstances to support and protect the complainant, including taking appropriate interim steps before the final outcome of the investigation and hearing, if any. Accordingly, at or after the intake meeting, the Student Title IX Coordinator may impose a "no-contact" order, which typically will include a directive that the parties refrain from having contact with one another, directly or through proxies, whether in person or via electronic means, pending the investigation and, if applicable, the hearing. The Student Title IX Coordinator, also may take any further protective action that he or she deems appropriate concerning the interaction of the parties pending the hearing, if any, including, without limitation, directing appropriate College officials to alter the students' academic and/or College employment arrangements and/or issuing an interim suspension. When taking steps to separate the complainant and the accused student, the Student Title IX Coordinator will seek to minimize unnecessary or unreasonable burdens on either party; provided, however, that every reasonable
effort will be made to allow the complainant to continue in his or her academic and/or College employment arrangements. Violation(s) of the Student Title IX Coordinator’s directive and/or protective actions will constitute related offenses that may lead to additional disciplinary action.

INFORMAL RESOLUTION

A complainant who wishes to file a formal complaint with the Student Title IX Coordinator but who does not wish to pursue Formal Resolution, or an investigative team (in place of a reluctant victim) may request a less formal process, known as "Informal Resolution," as more particularly described in this section.

Although less formal than Formal Resolution, Informal Resolution is an appropriate resolution process; it is not mediation. The accused student is expected to attend the Informal Resolution proceeding, but is not required to participate.

A. Purpose of Informal Resolution.

Informal Resolution provides an opportunity for the complainant to confront the accused student, in the presence of, and facilitated by, a presiding officer, and to communicate their feelings and perceptions regarding the incident, the impact of the incident, and their wishes and expectations regarding protection in the future. The accused student will have an opportunity to respond.

B. Advisors.

The complainant and the accused student each may bring an advisor to the Informal Resolution. Advisors are assigned and subject to the same restrictions set forth for advisors in Formal Resolution, outlined above. The Panel Chair or a designee of the Chair will preside over the Informal Resolution, and may elect to be assisted by another member of the Panel or senior staff representative of the Vice President of Student Affairs.

C. Informal Resolution Where Accused Student Acknowledges Responsibility.

If, during the course of the Informal Resolution, the accused student elects to acknowledge his or her actions and take responsibility for the alleged sexual misconduct, the Informal Resolution will be concluded and the Panel Chair will propose a sanction. If both the complainant and the accused student agree to such proposed sanction, the complaint will be resolved without any further rights of appeal by either party. If either the complainant or the accused student objects to such proposed sanction, a hearing before the Panel will be convened for the exclusive purpose of determining a sanction, which determination is subject to appeal. For purposes of this sanction hearing, all of the other provisions of this process relating to the imposition of a sanction for sexual misconduct shall apply (including, for example, the provision for an impact statement, and the provisions governing the effective date of the sanction).

D. Informal Resolution Where Accused Student Contests Responsibility.

If the accused student contests the complaint of alleged sexual misconduct, the Vice President of Student Affairs, his or her designee or the Student Title IX Coordinator may nevertheless impose a protective order agreed upon by the parties, or (with or without such agreement) based on
information derived from the Informal Resolution proceedings, taken together with any other relevant information known to the College at the time of the Informal Resolution.

E. Election of Formal Resolution.

The College or the complainant may, at any time prior to the conclusion of the Informal Resolution, elect to end such proceedings and initiate Formal Resolution instead. In such cases, statements or disclosures made by the parties in the course of the Informal Resolution may be considered in the subsequent Formal Resolution.

F. Privacy of Informal Resolution.

In order to promote honest, direct communication, information disclosed during Informal Resolution must remain private while the Informal Resolution is pending, except where disclosure may be required by law or authorized in connection with duties on behalf of the College.

FORMAL RESOLUTION

A complainant may elect to pursue a formal resolution, which involves a hearing before the Panel, as more particularly described in this section. Such a hearing is also referred to as "Formal Resolution." Formal resolution shall be completed within a reasonable timeframe (which is usually 60 days) unless extended for good cause by the Student Title IX Coordinator.

A. The Hearing Officer Cadre.

Formal Resolution involves a hearing before a trained Hearing Officers (the "Cadre") made up of two College administrators. Each hearing will be led by a Chair (Chair). The Cadre is a standing group composed administrators approved by the VP of Student Affairs. The hearing will be conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

B. Investigation.

When the complainant indicates a desire to pursue Formal Resolution, the Student Title IX Coordinator will forward the complaint to an appointed investigative team. The Student Title IX Coordinator and the Deputy Student Title IX Coordinator may serve as investigators on any investigation, if necessary. The investigation will be conducted in an adequate, reliable and impartial manner. The investigative team will receive annual training that draws on process, procedures, and professional resources. Investigators are neutral fact-finders, who, during the course of the investigation, typically conduct interviews with the complainant, the accused student, and each third-party witness (including expert witnesses, where applicable); visit and take photographs at each relevant site (if necessary); and, where applicable, coordinate with law enforcement agencies to collect and preserve relevant evidence. The completed investigative report (the "investigative report") includes, among other things, summaries of interviews with the complainant, the accused student and each witness; summaries of interviews with expert witnesses (where applicable);
photographs of the relevant site(s) and related logs; other photographic, electronic and forensic evidence; and a detailed written analysis of the events in question.

A typical investigation should be completed within 15 (fifteen) business days, if not sooner, but may be delayed with good cause, as determined by the Student Title IX Coordinator. If a hearing is granted by the investigative team, the Hearing Chair and the Panel will be provided with a copy of the investigative report. In addition, at least one member of the investigative team shall be present at the Panel hearing to answer any questions the Panel or the parties may have with regards to the investigative report.

The investigative team shall keep the complaint and investigation confidential to the extent possible or as required by law.

C. Granting/Denying a Hearing.

The investigative team will determine whether or not there is enough information available to grant a hearing. If the investigative team determines that a hearing should be granted, notice of that determination will be delivered, concurrently, to both parties and to the Student Title IX Coordinator. If a hearing is denied, a notification summarizing the investigative report will be distributed concurrently, to the parties and to the Student Title IX Coordinator.

The investigative team may specify which alleged violations of the Student Code of Conduct, which type or types of sexual misconduct and, if applicable, which other, related alleged misconduct (as described in Section I.B above or the current Student Code of Conduct) will be reviewed by the Panel during the hearing. Concurrently with the delivery of the investigators' notice of a determination, the investigative team may, where the alleged sexual misconduct is sufficiently serious in their reasonable discretion, suggest to the Student Title IX Coordinator that interim measures be taken and may suggest what those interim measures should be, if not already in place.

If the accused student has been placed on an interim suspension, the Panel will use all information that is provided to the administration (in lieu of an investigative report) in addition to any subsequent information received, as the basis for any sexual misconduct allegation.

A complainant whose request for a hearing is denied, and an accused student whose records have been placed on hold, may appeal that decision to the Vice President of Student Affairs, whose decision will be final.

If the case involves a reluctant complainant and the investigative team has granted a hearing, the investigative team will present information to the Panel in place of the complainant. The team may have the option to pursue an informal resolution (see Article V below) with the approval of the Student Title IX Coordinator.

D. Complainant Changes Election to Informal Resolution; Accused Student Elects to Accept Responsibility.

Upon receipt of the investigative report, the complainant may decide to elect Informal Resolution instead of Formal Resolution, by submitting a written request to the Student Title IX Coordinator prior to the hearing date. At any time prior to the hearing, the accused student may elect to acknowledge his or her actions and take responsibility for the alleged sexual misconduct. In such
cases, the Panel Chair will propose a resolution to the complainant and a sanction. If both the complainant and the accused student agree to such proposed sanction, the complaint is resolved without a hearing and both parties will waive their rights an appeal. If either the complainant or the accused student objects to the proposed sanction, a hearing before the Panel will be convened for the exclusive purpose of determining a sanction, which determination is subject to appeal. For purposes of this sanction hearing, all of the other provisions of this process relating to the imposition of a sanction for sexual misconduct shall apply (including, for example, the provision for an Impact Statement, and the provisions governing the effective date of the sanction).

E. Notice of Hearing; Challenges to Panel; Delivery of Notice.

If a hearing is granted by the investigators or occurs as a result of an interim suspension, or is granted by the Vice President of Student Affairs on appeal (as stated in IV(C) above), the Panel Chair will commence the Formal Resolution process by providing written notice to both parties (the "Notice of Hearing") stating: (1) the date, time, and place of the pre-hearing meeting at which preliminary matters will be discussed, as more fully addressed in Section IV.G.2, below; and (2) the names of the Panel members selected to serve as the Panel. A party wishing to challenge the participation of any Panel member must notify the Panel Chair, in writing, within five (5) business days of the scheduled hearing date stating the specific reason(s) for the objection. Failure to do so will constitute a waiver of any objection to the composition of the Panel. If a party wishes to challenge the participation of any panel member, and notifies the Panel Chair in writing within the allotted timeframe, the Chair will determine whether the challenge has merit and reserves discretion to make changes in the Panel composition at any time. The Notice of Hearing will be delivered, at the Panel Chair's discretion, by email or in person, and will be considered effective immediately upon receipt. The parties are expected to cooperate in the scheduling of the hearing. If either party fails to appear at the scheduled hearing, the Panel Chair may postpone the proceedings or direct that the Panel proceed and determine the complaint on the basis of the investigative report and any other available information, provided the absent party was given appropriate notification of the scheduled hearing date, as outlined in this section.

F. Advisors to the Parties.

The proceedings will provide the accuser and the accused with the same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied by an advisor of their choice. (Advisor means any individual who provides the accuser or accused support, guidance, or advice.) The proceedings will not limit the choice of advisor or presence for either the accuser or the accused in any meeting or institutional disciplinary proceeding; however, the institution may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

G. Hearing Procedures

Pre-Hearing Submissions. The parties will provide the Panel Chair with a list of witnesses they propose to call, copies of documents, and a description of any other information they propose to present at the hearing, on or before a date set by the Chair. Evidence of the complainant's past sexual history will not be permitted at the hearing unless it is relevant to the complaint. The Chair will provide each party with a copy of the list of witnesses, and identification of copies of documents or other information submitted by each party. In the absence of good cause, as
determined by the Chair in his or her sole discretion, the parties may not introduce witnesses, documents, or other information at the hearing that were not provided to the Chair by this deadline. The parties are also responsible for the attendance of their witnesses at the hearing.

**Pre-Hearing Meeting and Determination of Complaint and Witnesses.** The Chair will schedule a pre-hearing meeting prior to the hearing date. At the meeting, the Chair will review hearing procedures with the parties, separately or jointly, at the discretion of the Chair. The Chair will also review the complaint of alleged sexual misconduct (and related misconduct, if applicable), and review the parties' respective lists of proposed witnesses to assist them in eliminating redundant information. The College reserves the right, through the Chair, (a) to add to or modify the alleged violations specified by the investigators, pursuant to Section IV.C, above, at the pre-hearing meeting, and (b) to add witnesses to the witness lists at the pre-hearing meeting and/or at the hearing.

**Pre-Hearing Discussion.** Once a Panel member has been named to a Panel, he or she may not publicly or privately discuss the merits of the complaint with anyone not involved in the proceedings, with the parties themselves, or with anyone acting on the behalf of the parties. The Chair will provide the panelists with a copy of the Notice of Hearing, the investigative report, and the list of witnesses submitted by the parties with an instruction to avoid any public or private discussion of the merits of the complaint.

**Legal Counsel.** Legal counsel may be present (at the expense of the individual parties) at the hearing on behalf of either party. Such counsel may privately consult with and advise the parties during the proceeding, but may not question witnesses, address the Panel or otherwise directly participate in the hearing.

**Conduct of the Hearing.** The hearing will not follow a courtroom model, and formal rules of evidence will not be observed. Accordingly, for example, the parties may elect to rely upon the statements of witnesses contained in the investigative report if such witnesses are unavailable to attend the hearing. The Chair will determine the order of the witnesses (if any) and resolve any questions of procedure arising during the hearing, if any. The parties are responsible for ensuring that their proposed witnesses are present. Members of the Panel will review in advance of the hearing all the written materials provided to them by the Chair in accordance with Section IV.G.1, above. The parties will have received or been provided the opportunity to review all available materials during earlier stages of the pre-hearing process. The parties will be expected not to repeat undisputed details or non-material circumstances that would merely duplicate information contained in the investigative report or in other written materials. Only the Chair and the Panel may question the individual parties and any witnesses, unless permission is granted by the Chair to modify the questioning process provided the modification does not result in an adversarial tone. Both parties and their advisers may ask the Chair to pose additional questions or inquire further into specific matters by submitting these requests in writing, at the discretion of the Chair. If necessary, a brief break may be granted to allow both parties an opportunity to prepare and submit such requests. The Chair is empowered to disallow or reframe any questions that are irrelevant or redundant. After all witnesses have been questioned, each party may make a closing statement and request a short recess to prepare it. If the Panel determines that unresolved issues exist that would be clarified by the presentation of additional information, the Chair may suspend the hearing and reconvene it in a timely manner to receive such additional information. A delay may not be based on the failure of witnesses to appear without good cause or on the proposed introduction of documents or other information that should have been presented at the pre-hearing meeting. A Student IX Coordinator or Deputy Student Title IX Coordinator may
attend any Provision 4 Hearing at any time to observe the hearing. If the Student Title IX Coordinator or the Deputy Student Title IX Coordinator did not directly participate in the investigation, then their presence in the hearing shall be for the purpose of observation only.

**Testimony or Participation by the Accused.** The accused student has the option not to testify; however, the exercise of that option will not preclude the Panel from proceeding and determining the complaint on the basis of the investigative report and other available information. In addition, as indicated in Section IV.E, above, if the accused student fails to appear at the hearing, after being duly notified of its place and time, the Panel will proceed with the scheduled hearing and make a determination on the basis of the investigative report and any other available information.

**Testimony via Electronic Technology.** Upon timely request by a party or witness, the College may be able to make arrangements (in appropriate circumstances) where parties or witnesses are otherwise unable to participate in the hearing via electronic means. The availability of testimony via electronic technology will be at the sole discretion of the Chair.

**Recording.** The hearing will be digitally recorded and is the sole official verbatim record of the hearing for the purposes of FERPA.

**Standard of Proof.** The Department of Education's Office of Civil Rights has interpreted Title IX to require schools to evaluate evidence of alleged sexual misconduct under a "preponderance of the evidence" standard and that is the standard adopted by this process. A preponderance of the evidence means that the information shows that it is "more likely than not" that the accused student violated College policy. In the context of a hearing, the accused student will be found to be responsible for the alleged sexual misconduct if the Panel concludes that such sexual misconduct more likely than not occurred based upon careful review of all information presented. In making its determination, the Panel shall carefully consider all of the information presented and follow the procedures stated in this process in order to ensure as fair a hearing as possible for all parties.

**Impact Statement.** If the Panel determines that the accused student is responsible for sexual misconduct, e.g., that the sexual misconduct “more likely than not” occurred, both the complainant and the responsible student may present the Panel with a statement recommending a sanction (the "impact statement") for consideration by the Panel. The Panel is not bound by these statements in determining a sanction. Witnesses other than the parties may be allowed to provide a written character statement to the Panel during the Sanction Phase of the hearing. The Chair may determine, in his or her sole discretion whether portions of any written impact statement should be redacted because of the inflammatory or inappropriate nature of those statements.

**Sanction.** The Panel is required to consider suspending, dismissing, or expelling any student found responsible for sexual misconduct; however, the Panel may impose any sanction that it finds to be fair and proportionate to the violation. In determining an appropriate sanction, the Panel may consider any record of past violations of the Student Code of Conduct, as well as the nature and severity of such past violation(s). The Panel will also consider, as part of its deliberations, whether the sanction will (a) bring an end to the violation in question, (b) reasonably prevent a recurrence of a similar violation, and (c) remedy the effects of the violation on the complainant and the College community. The sanction decision will be made by the Panel by majority vote. Any sanction imposed will be explained or supported in the written decision of the Panel.
The following are examples of penalties which can be imposed:

I. **Interim Suspension:** Separation from the College for a specified minimum period of time, after which the student is eligible to return. Eligibility may be contingent upon satisfaction of specific conditions noted at the time of suspension. The student is required to vacate the campus within 24 hours of notification of the action, although this deadline may be extended upon application to, and at the discretion of, the Vice President of Student Affairs/Designee. During the suspension period, the student is banned from College property, functions, events and activities without prior written approval from the Vice President of Student Affairs/Designee. This sanction may be enforced with a trespass action if necessary.

The Student Conduct and Compliance Officer may, at their discretion, remove a student from a class or suspend him or her from the College for an interim period pending an investigation or disciplinary proceedings. The Student Conduct and Compliance Officer may also, with the approval of the President or his/her designee, remove a student from a class or suspend him or her for an interim period, whenever the Vice President/Designee determines in consultation with the Behavioral Intervention Team that there is reasonable cause to believe that the continued presence of a student in class or on the College campus poses a direct threat to the health or safety of others.

**“Direct Threat”** is defined as a significant risk to the health and safety of others (or self) that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services.

The determination that a student poses a direct threat to others shall be made through an individualized assessment based on reasonable judgment relying on the most current medical knowledge of the individual or the best available objective evidence. This assessment shall determine the nature, duration, and severity of the risk, the probability that the potentially threatening injury will actually occur, and whether reasonable modifications of policies, practices, or procedures will significantly mitigate the risk. Following a proper determination that a student poses a direct threat the College may require as a precondition to student’s return that the student provide documentation or information demonstrating that the student no longer poses a direct threat. The documentation or information should allow the College to appropriately assess whether or not the student currently poses a direct threat. Documentation or information could include a treatment plan that the student followed, a report from the student’s treating professional, or consent for the College to talk with the student’s treating professional; this list is non-exhaustive as these are examples of what could be provided to verify there is no longer the existence of a direct threat, depending on the individual circumstances. This is a non-exhaustive list and are examples of what could be provided to verify there is no longer the existence of a direct threat, depending on the individual circumstances.

II. **Warning Placed in Student Record:** A written notice that the student violated the Code of Conduct and that they will face more severe sanctions if they violate the Code of Conduct again.

III. **Restitution:** Compensation for damage caused to the College or any person’s property.
IV. **Community/College Service Requirements:** A student or a student organization can be required to complete a specific service project.

V. **Loss of Privileges:** The student is denied specified privileges for a designated period of time.

VI. **Confiscation of Prohibited Property:** Items who presence is in violation of the Code of Conduct are confiscated and become College property (i.e., weapons, drugs, etc.). Prohibited items may be returned to the owner at the discretion of the Vice President of Student Affairs/Designee and/or Campus Safety.

VII. **Behavioral Agreement**- This includes required activities including, but not limited to, seeking academic counseling or substance abuse screening, writing a letter of apology, etc.

VIII. **Educational Program or Assignment: Requirement** to attend, present and/or participate in an educational program relative to the violation. It may also be a requirement to sponsor or assist with an awareness program or event. Another possibility is an assignment to produce a written, spoken or videotaped piece on a topic related to the violation.

IX. **College Probation:** The student is put on official notice that, should further violations occur during a specified probationary period, the student may face suspension or expulsion. Regular probationary meetings may also be imposed.

X. **Eligibility Restriction:** The student is deemed “not in good standing” with the College for a specified period of time. Specific limitations or exceptions may be granted by the Vice President of Student Affairs/Designee and terms of this conduct sanction may include, but is not limited to, the following:

a. Ineligibility to hold any office in any student organization recognized by the College or hold an elected or appointed office at the College; or

b. Ineligibility to represent the College to anyone outside the College community in any way including, participating in the student abroad program, attending conferences, or representing the College at an official function, event or intercollegiate competition as a player, manager or student coach, etc.

XI. **Expulsion:** Permanent separation from the College. The student is banned from College property and the student’s presence at any College sponsored activity or event is prohibited. This action may be enforced with a trespass action as necessary.

XII. **Other Sanctions:** Additional or alternate sanctions may be created and designed as deemed appropriate to the office with the approval of the Vice President of Student Affairs/Desigee.

Student groups or organizations can also be sanctioned.

The following sanctions may be imposed upon groups or organizations found to have violated the Student Code of Conduct:

a. One or more of the sanctions listed above, specifically 1 through 7, 10 through 12, and/or

b. Deactivation, de-recognition, loss of all privileges (including status as a College registered group/organization), for a specified period of time.

B. Interim and Permanent Suspension
I. In some cases the College will place a hold on the student’s account to prevent the student from registering for additional classes or receiving transcripts. This step is usually taken when a student fails to respond to correspondence or is in the midst of upholding a suspension.

II. In more severe cases, the Vice President/Designee may, at his/her discretion, remove a student from a class or suspend him or her from the College for an interim period pending an investigation or disciplinary proceedings. In the event a student is suspended based on conduct that posed a direct threat to the health and safety of others that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services, the College may require as a precondition to student’s return that the student provide documentation or information demonstrating that the student no longer poses a direct threat. The documentation or information should allow the College to appropriately assess whether or not the student currently poses a direct threat. The documentation or information should allow the College to appropriately assess whether or not the student currently poses a direct threat. Documentation or information could include a treatment plan that the student followed, a report from the student’s treating professional, or consent for the College to talk with the student’s treating professional; this list is non-exhaustive as these are examples of what could be provided to verify there is no longer the existence of a direct threat, depending on the individual circumstances. This is a non-exhaustive list and are examples of what could be provided to verify there is no longer the existence of a direct threat, depending on the individual circumstances.

If circumstances are such that the Student’s Conduct and Compliance Officer determines it is not practical to give the student an opportunity to appear personally before an interim suspension is imposed because the safety of others is of immediate concern because of a direct threat of harm to others, then the Student Conduct and Compliance Officer may issue an interim suspension pending a final decision regarding an adverse action against the student and the opportunity for such an appearance shall be given as soon after the imposition of an interim suspension as is practical. In addition, the student will be afforded the earliest opportunity to speak with the Vice President of Student Affairs/Designee either by phone, through HAWK email or via a letter addressed to the Vice President of Student Affairs/Designee at 5101 Evergreen Road, L-430, Dearborn, MI 48128.

III. The College believes suspending or restricting the student will preserve the safety of the student/others, preserve the integrity of an investigation, protect College property and/or prevent disruption of College operations.

IV. Voluntary and Involuntary Withdrawals. The Vice President/Designee may also, with the approval of the President or his/her designee, remove a student from a class or suspend him or her for an interim period, for purposes of obtaining a medical, psychiatric or psychological evaluation, whenever the Vice President/Designee determines that there is reasonable cause to believe that the continued presence of a student in class or on the College campus poses a threat to him/herself or to others or to the stability of normal College classes or functions. In such situation the voluntary or involuntary withdrawal process will begin.
V. If practical, a student will be given an opportunity to appear personally before the Vice President/Designee before he or she is suspended on an interim basis. Such an appearance is solely for the purpose of considering:

a. The reliability of the information concerning the student’s alleged conduct;
b. Whether the alleged conduct and surrounding circumstances reasonably indicate that the continued presence of the student in class or on the College campus poses a threat to him/herself or to others or to the stability of normal College classes or functions.

If circumstances are such that the Vice President/Designee does not believe it is advisable to give the student an opportunity to appear personally before an interim suspension is imposed because of a concern of a threat to themselves or others, the student will be afforded the earliest opportunity to speak with the Vice President of Student Affairs/Designee either by phone, through HAWK email or via a letter addressed to the Vice President of Student Affairs/Designee at 5101 Evergreen Road, L-430, Dearborn, MI 48128.

**Decision.** The Panel will simultaneously notify, in writing, both the accuser and the accused, of the result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking; Result means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provisions Act (20 U.S.C.1232g), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must also include the rationale for the result and the sanctions.

**Appeals.** Either party may appeal the Panel's decision by notifying the Chair of the Panel in writing within five (5) calendar days of the date of the Panel's decision. All appeals are not automatically approved. The Vice President of Student Affairs will determine if any of the following criteria is present before granting an appeal.

- substantial evidence not previously considered;
- evidence of bias by the administrator who conducted the disciplinary hearing;
- significant errors in procedures by the administrator who conducted the disciplinary hearing;
- significant finding of inequity in disciplinary actions related to findings.

**Effective Date of Sanction.** Sanctions imposed by the Panel become effective immediately until the resolution of any timely appeal of the Panel’s decision. The Vice President of Student Affairs (or his or her designee) may suspend the determination pending exhaustion of any appeals by the accused student or may allow the accused student to attend classes or to engage in other activity on a supervised or monitored basis, or may make such other modifications to the determination as may be advisable in the sole discretion of the Vice President of Student Affairs (or his or her designee). The Vice President of Student Affairs (or his or her designee) decision may not be appealed.

**Privacy of the Hearing Process; Final Outcome Letter.** In order to comply with FERPA and Title IX and to provide an orderly process for the presentation and consideration of relevant
information without undue intimidation or pressure, the hearing process is not open to the general public. Accordingly, documents prepared in anticipation of the hearing (including the investigative report, the Notice of Hearing, and the pre-hearing submissions referenced in written statements, testimony, or other information introduced at the hearing, and any transcript of the hearing itself, may not be disclosed outside of the hearing proceedings, except as may be required or authorized by law.

In addition to complying with Title IX and FERPA, the College is required to comply with the Clery Act. Under the Clery Act, both the complainant and the accused student must be informed of the hearing outcome, and the College may not impose any limitations on the re-disclosure of this information. Accordingly, following the hearing, the Panel will issue a written decision letter (the "Final Decision Letter"), concurrently to both the accused student and the complainant. The Final Decision Letter will set forth, as required by the Clery Act, the name of the accused student; the violation(s) of the Student Code of Conduct for which the accused student was found responsible, if any; any essential findings supporting the Panel's decision on the issue of responsibility; and the sanction imposed, if any. College policy neither encourages nor discourages the further disclosure of the Final Decision Letter by either the complainant or the accused student. The College acknowledges that sharing the Final Decision Letter with others, including family, friends, legal counsel, mental health professionals, and sexual assault advocates or victims, may be a critically important part of a student's healing process.

**NOTIFICATION OF VICTIMS OF CRIMES OF VIOLENCE**

In accordance with the Higher Education Opportunity Act (HEOA), the College will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense the report on the results of any disciplinary proceeding conducted by the College against a student or employee who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

**Student and Employee Disciplinary Proceedings Utilized in Cases of Alleged Domestic Violence, Dating Violence, Sexual Assault, and Stalking**

**Organizational Behavior**

Student groups are subject to the conduct expectations detailed throughout this policy. Any behavior, patterns of behavior, or information suggesting patterns of behavior that creates or contributes to the creation of hostile environment, retaliation, discrimination, or harassment will be investigated and could result in organizational and/or individual charges.

Any member of the College community may bring allegations against a student group/organization for violation of the Sexual Misconduct Policy. This College will conduct a preliminary investigation into an incident.

An investigation will be conducted to determine if the allegations have merit and have met the threshold (defined below) to move forward with charges. The Title IX Coordinator may confer
with the student group/organization’s advisor(s) and/or other faculty and staff with a relationship to the student group/organization to solicit advice and recommendations regarding the case. Ultimately, the College is responsible for determining if the organization and/or individuals will be charged and the process for adjudication. All section of this policy apply to groups and organizations.

**Statement on Privacy**

The College will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking (to the fullest extent of the law). Additionally, the College will take all reasonable steps to investigate and respond to the complaint consistent with any request for privacy or request not to pursue an investigation. However, its ability to do so may be limited based on the nature of the request by the Complainant. If the Victim requests anonymity or that the College not pursue an investigation, the College must balance this request in the context of its responsibility to provide a safe environment for all College community members. In cases where the College cannot respect the wishes of the Victim, the College will consult with the Victim and keep them informed about the College’s course of action.

If the report of misconduct discloses an immediate threat to the College campus community, where timely notice must be given to protect the health or safety of the community, the College will maintain the privacy of the Victim or Respondent’s identities, understanding that in a small community a Campus Safety Alert may make members of the community feel known or singled out.

The College will assess any barriers to proceeding, including retaliation, and in cases where informal or formal resolution will take place, the College will inform the Respondent that Title IX prohibits retaliation and the College will take strong responsive action to protect the Complainant.

The College has designated individuals to evaluate requests for privacy once the College is aware of alleged sexual violence. That process is coordinated by the Title IX Coordinator.

**Investigation of Reports of Sexual Misconduct Not Covered Under Title IX Grievance Process (Student Sexual Misconduct Policy)**

The purpose of the Henry Ford College Student Code of Conduct Due Process Procedure is to provide due process and uphold the Student Code of Conduct policy. The HFC Student Code of Conducts’ purpose is to protect the safety and well-being of the campus community and to assist the College in providing an environment that supports the educational process. The responsibility for maintaining such an environment is shared by all members of the College community.

**NOTE:** Complaints about academic matters such as grade disputes, academic dishonesty or levels of customer service are reviewed through the Student Complaint Policy and Procedure. Please review the Student Complaint Policy and Procedure for specific processes and time frames. The policy can be found at https://policies.hfcc.edu/policy/student-0. The procedure can be found at https://policies.hfcc.edu/procedure/8300r.
All faculty members, staff members, administrators, or those perceived by a complainant as a person that would address complaints (e.g., teaching assistants, supervisors, coaches, counselors, rape crisis advocates, medical providers, and clergy) are expected to report any disclosures that involve allegations of Sexual Misconduct/Title IX/ Sexual Harassment directly to the College Title IX Coordinators. report such incidents at www.hfcc.edu/incidentreport.

Henry Ford College (HFC) is a comprehensive college that is dedicated to maintaining a teaching-learning environment that fosters critical thinking, creativity, personal integrity and self-esteem. We value the diversity of our educational community and of the communities we serve. When an incident is reported for alleged violations of the Student Code of Conduct, the Behavioral Intervention Team (BIT)/ Counseling Assessment Response Education (CARE) Team provide students the opportunity to state their version of events in addition to the due process options stipulated in the due process procedure.

**The HFC Behavioral Intervention (BIT) Team **assesses, responds, and makes recommendations pertaining to the alleged behavior exhibited by students who may pose a threat to themselves or others in the College community.

**The HFC Counseling Assessment Response Education (CARE) Team **assesses, responds, and makes recommendations pertaining to any behavior or incident such as disturbed writings, disturbing statements, disturbing actions that may lead to harm to self or others. Students facing alleged violations of the Student Code of Conduct by the College have the right to due process. When a student is alleged to have violated the Code of Conduct, the student receives due process, which includes 1) Receiving a written description of their possible Code violations, due process options and 2) Having the opportunity to state their version of event by one or more objective decision-makers.

The due process outcome leads to one of three possible outcomes. The student is found either “not responsible” “responsible” or “findings are inconclusive” per violation of the Code. Students found responsible may be sanctioned.

**Expected Behavior Guidelines**

A college is a community and students have a significant impact on the quality of that community’s shared experience. The Student Code of Conduct is grounded in two core values:

**Respect:** Henry Ford College students show positive regard for the worth, dignity and property of others.

**Responsibility:** Henry Ford College students are given and accept a high level of responsibility to self, to others and to the community.

It is every student’s responsibility to avoid conduct that restricts other individuals from enjoying their rights, privileges and freedoms, or from accessing and benefitting from the college’s offerings.

Students are responsible for being familiar with, and complying with, the Student Code of Conduct, and for upholding its core values of respect and responsibility. https://policies.hfcc.edu/policy/henry-ford-college-1)
Due Process Procedure (Student Rights)

The College will use the following procedures to respond to behavior which goes against the values of the College community. The College considers the procedures for resolving disputes a part of its education mission and is committed to a process which provides both peer review and mediation. Resolution and appeal processes are administrative functions and are not subject to the same rules of civil or criminal proceedings. Because some violations of these standards are also violations of law, students may be accountable to both the legal system and the College.

Communication regarding this process will be sent to the student’s HAWK e-mail address. Students have the responsibility to access their email and have the latest contact information on file through their Web Advisor account.

Some of the procedures related to the Student Code of Conduct policy are subject to the regulations in the Family Educational Rights and Privacy Act (FERPA), Health Insurance Portability and Accountability Act of 1996 (HIPPA), and Title IX which may limit the amount of information that maybe shared with parties involved in Student Code of Conduct and/or Title IX situations.

Students who are removed from their course of study as a result of a disciplinary matter, will be financially responsible for the cost of the courses from which he or she is removed.

The following are examples of penalties which can be imposed:

II. Interim Suspension: Separation from the College for a specified minimum period of time, after which the student is eligible to return. Eligibility may be contingent upon satisfaction of specific conditions noted at the time of suspension. The student is required to vacate the campus within 24 hours of notification of the action, although this deadline may be extended upon application to, and at the discretion of, the Vice President of Student Affairs/Designee. During the suspension period, the student is banned from College property, functions, events and activities without prior written approval from the Vice President of Student Affairs/Designee. “Direct Threat” is defined as a significant risk to the health and safety of others (or self) that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services.

The determination that a student poses a direct threat to others shall be made through an individualized assessment based on reasonable judgment relying on the most current medical knowledge of the individual or the best available objective evidence. This assessment shall determine the nature, duration, and severity of the risk, the probability that the potentially threatening injury will actually occur, and whether reasonable modifications of policies, practices, or procedures will significantly mitigate the risk. Following a proper determination that a student poses a direct threat the College may require as a precondition to student’s return that the student provide documentation or information demonstrating that the student no longer poses a direct threat. The documentation or information should allow the College to appropriately assess whether or not the student currently poses a direct threat. Documentation or information could include a treatment plan that the student followed, a report from the student’s treating professional, or consent for the College to talk with the student’s treating professional; this list is non-exhaustive as these are examples of what could be provided to verify there is no longer the existence of a direct threat, depending on the individual circumstances. This is a non-exhaustive list and are examples of what could be provided to verify there is no longer the existence of a direct threat, depending on the individual circumstances.

possibility is an assignment to produce a written, spoken or videotaped piece on a topic related to the violation.

XX. **College Probation:** The student is put on official notice that, should further violations occur during a specified probationary period, the student may face suspension or expulsion. Regular probationary meetings may also be imposed.

XXI. **Eligibility Restriction:** The student is deemed “not in good standing” with the College for a specified period of time. Specific limitations or exceptions may be granted by the Vice President of Student Affairs/Designee and terms of this conduct sanction may include, but is not limited to, the following:

B. Interim and Permanent Suspension

III. In some cases the College will place a hold on the student’s account to prevent the student from registering for additional classes or receiving transcripts. This step is usually taken when a student fails to respond to correspondence or is in the midst of upholding a suspension.

IV. In more severe cases, the Vice President/Designee may, at his/her discretion, remove a student from a class or suspend him or her from the College for an interim period pending an investigation or disciplinary proceedings. In the event a student is suspended based on conduct that posed a direct threat to the health and safety of others that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services, the College may require as a precondition to student’s return that the student provide documentation or information demonstrating that the student no longer poses a direct threat. The documentation or information should allow the College to appropriately assess whether or not the student currently poses a direct threat. The documentation or information should allow the College to appropriately assess whether or not the
If circumstances are such that the Student’s Conduct and Compliance Officer determines it is not practical to give the student an opportunity to appear personally before an interim suspension is imposed because the safety of others is of immediate concern because of a direct threat of harm to others, then the Student Conduct and Compliance Officer may issue an interim suspension pending a final decision regarding an adverse action against the student and the opportunity for such an appearance shall be given as soon after the imposition of an interim suspension as is practical. In addition, the student will be afforded the earliest opportunity to speak with the Vice President of Student Affairs/Designee either by phone, through HAWK email or via a letter addressed to the Vice President of Student Affairs/Designee at 5101 Evergreen Road, L-430, Dearborn, MI 48128.

VI. The College believes suspending or restricting the student will preserve the safety of the student/others, preserve the integrity of an investigation, protect College property and/or prevent disruption of College operations.

VII. Voluntary and Involuntary Withdrawals. The Vice President/Designee may also, with the approval of the President or his/her designee, remove a student from a class or suspend him or her for an interim period, for purposes of obtaining a medical, psychiatric or psychological evaluation, whenever the Vice President/Designee determines that there is reasonable cause to believe that the continued presence of a student in class or on the College campus poses a threat to him/herself or to others or to the stability of normal College classes or functions. In such situation the voluntary or involuntary withdrawal process will begin.

VIII. If practical, a student will be given an opportunity to appear personally before the Vice President/Designee before he or she is suspended on an interim basis. Such an appearance is solely for the purpose of considering:

a. The reliability of the information concerning the student’s alleged conduct;
b. Whether the alleged conduct and surrounding circumstances reasonably indicate that the continued presence of the student in class or on the College campus poses a threat to him/herself or to others or to the stability of normal College classes or functions.

If circumstances are such that the Vice President/Designee does not believe it is advisable to give the student an opportunity to appear personally before an interim suspension is imposed because of a concern of a threat to themselves or others, the student will be afforded the earliest opportunity to speak with the Vice President of Student Affairs/Designee either by phone, through HAWK email or via a letter addressed to the Vice President of Student Affairs/Designee at 5101 Evergreen Road, L-430, Dearborn, MI 48128.
HEARING PROCEDURE

I. Disciplinary Hearing

A. All HFC students have the right to the protection of due process in disciplinary proceedings. The student is entitled to a fair and prompt hearing before an impartial person.

B. During a disciplinary hearing, both the student and the College have the right to be advised by a non-attorney advocate/supporter. If the student desires such an advocate/supporter, but is unable to arrange for the advocate/supporter, the Vice President/Designee, upon request of the student, shall provide the student with a list of five faculty members from whom the student may choose. The role of the representative is to observe the hearing preceding only. This means the advisor’s role is non-participatory and cannot speak or cross-examine other parties involved in the hearing (unless documented accommodations through the Assisted Learning Services Office recommend modification of the advisor’s role). To facilitate such protection, the following preliminary procedures shall be used in disciplinary proceedings:
   i. No student may be compelled to testify against himself/herself in a disciplinary hearing;
   ii. In a disciplinary hearing the student has the right to question those who testify against him/her (in cases where the safety of the parties involved is in question, the questions will be facilitated through the hearing officer); and,
   iii. No student shall be subject to a disciplinary hearing twice for the same incident or event. However, the student may appeal the decision of the Vice President/Designee to the Judicial Board, as stipulate in the criteria documented in this Procedure.

C. The Vice President/Designee may modify the time limits and procedures of the disciplinary process when, in his/her discretion, doing so is desirable or necessary to appropriately proceed, and the modification is not contrary to due process requirements.

II. Hearing Procedures:

I. The student shall be entitled to appear at the hearing in person before the Vice President of Student Affairs/Designee and to present their defense, which may include the presentation of witnesses.

II. The student shall be entitled to inspect any evidence which the College or complainant intends to submit at the hearing 48 business hours in advance of the hearing.

III. The student has the right to elect not to appear at the hearing. Should they elect not to appear, the hearing shall be held in the student’s absence. Failure of a student to appear shall not indicate guilt and may not be considered in any finding, decision or recommendation.

IV. If the student elects to have the assistance of an advocate, the advocate’s role is non-participatory and the advocate may not examine or cross-examine witnesses unless, in the judgment of the administrator conducting the hearing, the student is unable to question witnesses through some impairment, language impediment or disability, or other reason.
V. A student shall be permitted to hear evidence against themselves and shall be afforded an opportunity to question all witnesses who testify at the hearing. Each witness shall be asked to affirm that their testimony will be truthful. The witness will also be informed that knowingly furnishing false information may cause the witness to be subject to disciplinary procedures as stated in the Student Code of Conduct.

VI. In cases where the safety of the parties involved is in question, all questions may be facilitated through the hearing officer.

III. The Hearing

I. The hearing will be closed to the public.

II. Formal rules of evidence shall not be applicable in student disciplinary hearings. The Vice President/Designee shall admit evidence in their discretion. Without reducing that discretion, the Vice President/Desigee shall give appropriate consideration to concerns of confidentiality and privilege, and shall admit evidence which they believe would be considered by reasonable persons in the conduct of their everyday affairs. Unduly repetitious or irrelevant evidence may be excluded at the Vice President of Student Affairs/Designee’s discretion.

III. If the student chooses to testify, the student may refuse to answer questions. The facts of the case shall be determined solely on the basis of evidence presented at the hearing.

IV. The respondent, complainant and hearing officer may question witnesses and the other parties involved, either directly or through the hearing officer at the hearing officer’s discretion. Unduly repetitive witnesses can be limited at the discretion of the hearing officer.

V. The administrator hearing the matter shall make findings of responsible, not responsible, or inconclusive per each allegation brought against the student. The administrator will make recommendations as to possible sanctions and/or other remedies.

VI. It is the responsibility of the Vice President/Designee or administrator hearing the matter to make an audio taped record of the hearing.

VII. The hearing officer has the right to limit personal belongings in the hearing room and any unauthorized recording of the hearing is prohibited.

VIII. After the hearing, the Vice President of Student Affairs/Designee or administrator hearing the matter shall prepare a written statement of the decision and explanation of the reasons for such decision. This information will be provided to the student in the outcome letter.

IX. The decision of the Vice President/Designee is final, unless the penalty involves an expulsion, a suspension, or a permanent notation on the student’s record, in which case the student may appeal to the Judicial Board or the Appeal Panel by providing supportive documentation to the Vice President of Student Affairs/Designee identifying the specific reason(s) for the appeal, by selecting one or more of the following:

• substantial evidence not previously considered;
• evidence of bias by the administrator who conducted the disciplinary hearing;
• significant errors in procedures by the administrator who conducted the disciplinary hearing;
significant finding of inequity in disciplinary actions related to findings;
• the cumulative conduct record of the respondent.

V. Appeals to the Appeal Panel or Judicial Board

When the penalty imposed involves a suspension, an expulsion, or a permanent notation on the student’s record, the student has the right to appeal. Appeal requests must be provided in writing from the students HAWK email account or via a letter addressed to the Vice President of Student Affairs/Designee at 5101 Evergreen Road, L-430, Dearborn, MI 48128

A. Appeal Panel

Students who admit responsibility (with or without explanation) may qualify for an appeal request to be reviewed by the Vice President of Student Affairs/Designee as set forth in Section 9, above, must follow the procedures for the Appeal Panel.

Students who deny responsibility and may qualify for an appeal request to be reviewed by the Vice President of Student Affairs/Designee as set forth in Section 9, above, follow the procedure for the Judicial Review Board Appeal.

A request for an appeal will be considered if in the case the sanctions imposed are substantially outside the parameters or guidelines set by the College. A request for an appeal will be considered and may be granted if the request meets the criteria as set forth in Section 9 above.

The President/Vice President will review the appeal request and determine in 5 business days if the request is denied or allowed to proceed to the appeal review board.

The President/Vice President will convene a review board to hear the appeal. The suspension sanction will remain in place while the appeal is being considered, unless it is determined by the VP of Student Affairs that lifting the sanction does not create a threat of harm to the College or to an individual. A decision regarding this issue will be made at the time the request to appeal is granted or denied. If granted, the Appeal Board is composed of three (3) administrators randomly selected from a pool of administrators.

B. Appeal Panel Hearing Procedures

I. Within fourteen (14) business days of the composition of the Appeal Panel being finalized, it will meet. The timeline may be modified by days the College is closed to the public or if there are any mitigating circumstances.

II. The review by the Appeal Panel will include examination of the appeal request, the transcript or record of the original hearing, the original allegation and/or physical evidence, and an appeal hearing.

III. The Chair of the Appeal Panel shall limit discussion to only those issues contained in the appeal request. The Appeal Panel shall hear any new evidence, new witness(es) and review the new physical evidence. The Appeal Panel may call other witnesses, seek other information, or hear any other evidence, and recess and reconvene as it deems necessary.

IV. The student shall be entitled to appear at the Appeal Panel hearing in person to present their appeal.
V. If the student fails to appear at the hearing, the appeal will be dismissed and the decision at the disciplinary level affirmed.

VI. In an appeal hearing before the Appeal Panel, both the student and the College have the right to be advised by a non-attorney representative. If the student desires such a representative, but is unable to arrange for the representative, the Appeal Panel or the Vice President/Designee, upon request of the student, shall provide the student with a list of five faculty members, from whom the student may choose. The role of the representative is to advise the student. If the student elects to have the assistance of a representative, the representative’s role is non-participatory and may not examine or cross-examine witnesses. The Appeal Panel may, in its judgment, permit the representative to participate if it determines the student requires assistance (i.e. impairment, language impediment or disability, or other reason).

VII. The student shall be permitted to call witnesses who have evidence deemed relevant by the Appeal Panel and shall be accorded an opportunity to question all witnesses who testify at the hearing. Each witness shall be asked to affirm that their testimony will be truthful. The witness will also be informed that knowingly furnishing false information can cause him/her to be subject to disciplinary procedures as stated in the Student Code of Conduct.

VIII. The hearing will be closed to the public.

IX. Formal rules of evidence shall not be applicable in the appeal hearing. The Appeal Panel shall admit evidence in its discretion. Without reducing that discretion, the Appeal Panel shall give appropriate consideration to concerns of confidentiality and privilege, and shall admit evidence which it believes would be considered by reasonable persons in the conduct of their everyday affairs. Unduly repetitious or irrelevant evidence may be excluded at the discretion of the Appeal Panel.

C. Decision By Appeal Panel

The Appeal Panel will make its decision by a majority vote of those present and voting. The Appeal Panel has the authority to take any action it deems appropriate, including the authority to:

I. uphold the disciplinary decision,
II. modify the decision, or,
III. overturn the decision.

The decision of the Appeal Panel will be provided to the student, in writing, within seven (7) business days after it is reached. The Appeal Panel’s decision in the matter is final and shall be implemented immediately. The timeline may be modified by days the College is closed to the public.

D. Appeal Procedure to Judicial Review Board

II. The letter of appeal must contain supportive documentation stating the reason(s) for the appeal, based on one or more of the following:
a. substantial evidence not previously considered;
b. evidence of bias by the administrator who conducted the disciplinary hearing;
c. significant errors in procedures by the administrator who conducted the disciplinary hearing;
d. significant finding of inequity in disciplinary actions related to findings.

III. In an appeal to the Judicial Board, the appeal shall be decided by majority vote of the members of the Board present and voting.

IV. The Judicial Board has the authority to uphold the decision of the Vice President/Designee or other administrator who heard the matter, reverse the decision or modify the decision (which can include an increased penalty). If the Judicial Board elects to modify the decision, it may choose a penalty it deems appropriate, including any penalty set forth in section III (A) of the Student Conduct Policy, “Sanctions.”

IV. A group of eight faculty members, three of whom shall be from the Academic Education area, three from the Career Education area, and two from the Student Affairs area, will be designated by the Senate for one academic year. Two faculty members shall be appointed by the Senate to hear each case.

V. The student will be informed within seven (7) business days of the composition of the Judicial Board, and of the date, time, and place of the Judicial Board appeal hearing. A student may challenge a Judicial Board member. Any objection to a Judicial Board member must be made in writing, within three (3) business days of the letter indicating the composition of the Board. A Judicial Board member shall be disqualified if a majority of the Judicial Board members agree that the student has made a reasonable showing for the objection. A replacement for a successfully challenged member will be selected from the same group as the challenged member and in the manner described in Section IIIB. The timeline may be modified by days the College is closed to the public.

VI. Within fourteen (14) business days of the composition of the Judicial Board being finalized, it will meet. The timeline may be modified by days the College is closed to the public or if there are any mitigating circumstances.

XII. The student shall be permitted to call witnesses who have evidence deemed relevant by the Judicial Board and shall be accorded an opportunity to question all witnesses who testify at the hearing.
