OFFICE OF THE PRESIDENT**

BID AWARD

SUBJECT: Seven Classroom Audio Visual Upgrades
Sealed Bid #24877

The Dean of the School of STEM requests a contract for the equipment, materials, labor, and services necessary to provide and install new and upgraded audio-visual (AV) systems in seven (7) classrooms on Main Campus. The new systems will be installed in four classrooms in Building G (Rooms G-002, G-003, G-007, and G-008) and three classrooms in Building J (Rooms J-002, J-019 and J-041). The existing AV systems are approximately ten years old and do not support current classroom learning technologies.

The bid includes the purchase and installation of the following equipment:

- (13) New Projectors
- (11) New Projection Screens
- (7) New Document Cameras
- (7) New Equipment Switches
- Upgraded Audio in all Seven Classrooms

A grant from the Technology Improvement Fund provides 100% of the funds for this purchase.

The College invited bid submissions under Sealed Bid #24877. The bid responses appear below.

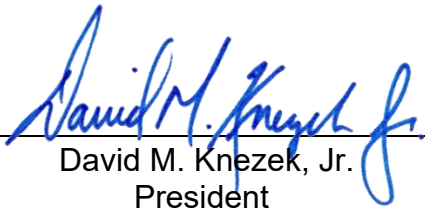

Bidder	Base Bid
National Communications Corporation	\$77,564.31
Thalner Electronic Labs	77,613.76
Abel Electronics	78,744.00
Decima LLC	102,618.00
Advanced Lighting & Sound	110,964.00

RECOMMENDATION:

The College administration recommends a contract award to National Communications Corporation for \$77,564.31 for the Seven Classroom Audio Visual Upgrades project, as requested by The Dean of STEM in accordance with the specifications of Sealed Bid #24877.
